koelnmesse

A POWERFUL PLATFORM WHERE INDUSTRY DEMAND MEETS F&B TECHNOLOGY

The 20th edition of Anuga FoodTec India brought together manufacturers, technology providers and industry decision-makers from India and across the globe to explore innovations, discover solutions and build business connections across processing, packaging, automation, digitalisation and more. Organised by Koelnmesse India, Anuga FoodTec India continues to strengthen its position as South Asia's epicentre for the food and beverage processing and packaging industry.

Looking ahead, the 2027 edition will take this momentum further, bringing together more global technologies, industry leaders and business opportunities to shape the next phase of food and beverage manufacturing.
