Conference & Seminar Highlights

Engage with top industry speakers covering topics on Intralogistics, new technologies in F&B, and more in our comprehensive conference and seminar sessions.

Business Matchmaking Program

Foster valuable business connections with our dedicated Business Matchmaking Program, designed to pair you with the right partners.

Guided Tour

Take advantage of our new Guided Tour feature, designed to help visitors indulge in targeted groups of exhibitors based on specific business requirements.

Message from the MD's Desk

I am delighted to extend an invitation to you for Anuga FoodTec India 2024 (formerly known as ANUTECH - International FoodTec India), India's largest international trade fair in the Indian sub-continent for food & beverage processing and packaging technologies. Following the remarkable success of the 2023 edition, with 22,447 visitors, 500+ exhibitors, and participation from

more than 30 countries, this year, the 18th edition of Anuga FoodTec India is scheduled from August 28-30, 2024, at Halls 1, 2 & 3, Bombay Exhibition Centre, Mumbai.

India's food processing sector has immense potential to positively impact the national economy. With changing consumption patterns due to urbanization and shifting demographics, food consumption is projected to reach USD 1.2 trillion by 2025-26. Leveraging this growth is vital for the country's development.

As we celebrate Koelnmesse GmbH's 100th anniversary this year, we reflect on a century of pioneering and managing around 80 trade fairs annually, both in Germany and internationally, across physical, digital, and hybrid formats. Our mission is to energize businesses by creating valuable momentum for our customers and the sectors they represent.

Anuga FoodTec India, co-located with Anuga Select India (Powered by ANUGA) is the largest B2B platform for the entire F&B industry to convene and network. We proudly present to you a glimpse of a few exhibitors & their product innovations that they would be showcasing at the expo.

Milind Dixit

Managing Director - India & SAARC
Koelnmesse Pvt Ltd

30,000+ Buyers Have Already Pre-Registered

The excitement is palpable as Anuga FoodTec India 2024 gears up to welcome an impressive 30,000+ pre-registered buyers, underscoring the event's significance in the food and beverage processing and packaging industry. This overwhelming response reflects the industry's eagerness to reconnect, explore, and innovate. Top-tier brands and companies that have confirmed their participation include Amul, Britannia Industries Ltd, Nestlé, PepsiCo India Holdings Pvt Ltd, ITC Limited, and Hindustan Unilever, bringing with them a wealth of knowledge and a keen eye for the latest trends and technologies.

These industry giants are joined by other influential companies such as Mother Dairy, Godrej Consumer Products Ltd, Ferrero, Red Bull, Mondelez International, Tata Consumer Products, Parag Milk Foods Ltd, Haldiram Snacks Pvt Ltd, and McCain. This diverse range of buyers, representing various sectors within the food and beverage industry, will have the chance to explore a wide array of products and services designed to propel their businesses forward. Anuga FoodTec India 2024 is set to be a landmark event, fostering meaningful connections and driving industry growth.

1000+ VIP Buyers Confirmed their Presence!

Anuga FoodTec India 2024 is proud to announce that over 1,000+ VIP buyers have confirmed their attendance, following a series of personal meetings & Road Shows, conducted across key locations in India. Our dedicated team organized these exclusive meetings in major cities including Kolkata, Gujarat, Delhi, Bengaluru, Chennai, and Mumbai. These sessions were designed to cater to the specific needs and interests of our VIP buyers, ensuring they gain valuable insights and make meaningful industry connections.

These personal meetings provided VIP buyers with the unique opportunity to engage directly with industry leaders and explore the latest innovations in the food and beverage processing and packaging sectors. The interactions fostered during these meetings are set to enhance the overall experience at Anuga FoodTec India 2024, promoting collaboration and driving business growth within the industry.

International Participation from 43+ Countries

Koelnmesse has signed a Memorandum of Understanding (MoU) with the Delegation of German Industry and Commerce in Sri Lanka (AHK Sri Lanka) for Anuga FoodTec India. By leveraging Koelnmesse's expertise in organizing international trade fairs and AHK Sri Lanka's extensive local network, the collaboration will facilitate greater market access and business opportunities for companies across these regions. This MoU marks a significant step towards enhancing trade relations and fostering economic growth in the food and beverage processing & packaging sector.

Packaging Theatre Supported by Innova Market Insights

Explore the latest trends and innovations in food and beverage packaging at our dynamic Packaging Theatre, supported by Innova Market Insights. This feature provides a platform for industry leaders and innovators to showcase cutting-edge packaging solutions, sustainability practices, and technological advancements. Attendees will gain valuable insights into the future of packaging, making it an essential stop for anyone looking to stay ahead in the competitive F&B market.

Conference & Seminar Highlights

Engage with top industry speakers at our comprehensive conference and seminar sessions, covering a wide range of topics from intralogistics to new technologies in the food and beverage sector. These sessions are designed to provide deep insights, practical knowledge, and the latest industry trends. Whether you are looking to enhance operational efficiency, adopt new technologies, or understand market dynamics, our conference and seminars will equip you with the information you need to drive your business forward.

Business Matchmaking Program

Foster valuable business connections with our dedicated Business Matchmaking Program, designed to pair you with the right partners. This program facilitates pre-arranged meetings between buyers and exhibitors, ensuring that each participant can maximize their networking opportunities and forge meaningful business relationships. By connecting with the right people, you can explore new collaborations, partnerships, and opportunities that will help grow your business.

Guided Tour

Take advantage of our new Guided Tour feature, designed to help visitors indulge in targeted groups of exhibitors based on specific business requirements. This feature allows attendees to navigate the exhibition efficiently, focusing on exhibitors that match their business needs and interests. Whether you're seeking innovative products, new technologies, or specific industry expertise, the Guided Tour ensures that your visit is productive and tailored to your professional goals.

A INNOVATIVE INTERNATIONAL LTD

At a innovative, we are passionate about creating the equipment to make the tastiest and healthiest popped chips for snacking. At innoPOP, our mission is to provide you with the tastiest popped chips for your snacking pleasure. We are driven by our core values of quality, innovation, and customer satisfaction.

A&D INSTRUMENTS INDIA PVT. LTD.

A&D India strives to provide high quality products to different industries like Food, Pharma, Automobile Scientific & Research Institutes with wide line up of products like Checkweigher, X-ray Machine, Metal Detector, Balances with 21 CFR Part 11, Indicator, Loadcells, Industrial Balances, Industrial Scales, Counting Balances & Scales, Platform Scales, Food Moisture Analyzer, UTM Universal Testing Machines and many more.

A.T.E. HUBER ENVIROTECH PRIVATE LIMITED

With great pleasure, we introduce A.T.E. HUBER ENVIROTECH PVT. LTD, a leading organization providing economic and environmentally friendly solutions in the field of wastewater treatment, recycling and zero liquid discharge (ZLD) to industries and municipal sector. Various industries and municipal corporations have been served satisfactorily by us for the past two decades.

A.T.E. HUBER ENVIROTECH PVT. LTD is a joint venture between: HUBER SE, Germany global leader with over 150 years of experie

AAVEG FOOD MACHINE

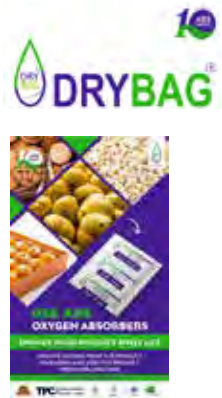

AAVEG Food Machines is a fastest growing Food Process Machine manufacturer in India. AAVEG Hot Air Continuous Roaster is a very innovative machine for Roasting, Popping, Puffing, drying of products like Popcorn, Chickpeas, Nuts, Cornflakes, Puff Rice (Murmura), Soaked Cereals. Fox nut, Snacks Pellet, Sago seeds, Spices etc. This minimises oil usage & promotes healthy snacking. AAVEG also represents Frying oil filtration from Oberlin USA & VITO Germany for oil maintaining oil quality and TPM/FFA.

ABS IMPEX

ABS Impex is into Specialized Packaging material used inside export containers for packing & safeguarding cargo during exports. We have a wide range of packaging products for container exports. Our R&D team continues to work on products & solutions to meet the ever-growing demands of industry.

Oxygen Absorbers used inside consumer packs of food items like grains pulses, nuts, beans, bakery products, Pet food packaging. Absorbs oxygen from closed packing & increases shelf life of consumable food

ACE TECHNOLOGIES GROUP

Ace Technologies was founded in 2000, and is best described as young, effective and on the rise. ACE Technologies will continue to acquire and develop core technologies and supply them globally through alliances with renowned partners, We are always focused on building long-term business relationships. We are committed to serving the technological needs of Pharma & Healthcare, Food & Beverages, Cosmetics, and HoReCa (Hotel, Restaurants & Catering).

ACG

With a presence in 138 countries on six continents, ACG is the world's largest integrated supplier and service provider to solid dosage manufacturers. Founded in Mumbai in 1961, ACG serves pharmaceutical and nutraceutical companies all over the world, and touches almost every aspect of solid dosage manufacturing - from providing capsules, to manufacturing machinery and equipment, to protective packaging materials, to traceability solutions.

ADVANCE AGRO RIPE PVT. LTD. (DRYBOX)

"DryBox" and "Agro Ripe" ADVANCE AGRO RIPE P LTD is Pune (India) based company working in the field of supply and setting up cold storages under brand AGRO RIPE and Food Dehydrators and Dehumidifiers under brand DRY BOX based on novel technologies.

We are in business since Year 2000 and team has a hard cored experience in various business attributes

We have Factory Based Training, Experience and Incubation Centre for *New Food business Startups*

ADVANCED INDUSTRIAL MICRO SYSTEMS

Industrial On-Line Ink-Jet Printers, Compact / Hand-Held Ink Jet Printers, On-Line Laser Engraving Printers, Hand Static Laser Printers, Jet Stamp, Sticker Labeling Machines, Manual / Semi Automatic Batch Printing Systems, Label / Pouches / Carton Stacking Auto Feeding High Speed Coders, Automatic On-Line Coders for Packaging Machines, Hot-Roll Rotary Coders, On-line Pipe Printers, Pad Printing Machines, Barcode Printer / Labelers, Carton Strapping Machines, Carton Sealing / Taping

AIRMECH TECHNOLOGIES PVT. LTD.

AirMech Technologies are the modern-day maestros of Air and Gas Equipment's like PSA Nitrogen Generator, PSA Oxygen Generator, Membrane Nitrogen Generator, Air Dryers & etc. Working parallel with the industrial standards, we aim to revolutionize the Air and Gas industry. Using the same industry-best techniques, we manufacture and export the best equipment.

AEROLAM DECORATIVES PVT LTD

Aerolam's diversified manufacturing division is guided by advanced R&D. We specialize in the production of a whole range of insulation and packaging products, including bubble and XLPE Insulation, metal insulated sheets, CPP films and bubble guard board.

AISHIN INDIA PVT LTD

Aishin India Pvt Ltd leads in material handling, powder transfer systems, and material processing equipment. We specialize in powder handling solutions, material processing, and offer engineering services like installation, trials and testing and process consultancy. With our manufacturing facilities, we have achieved a strong position in industry.

AG BELTING PVT LTD

A.G Belting Pvt. Ltd., other companies of AG GROUP are proud to be associated with Derco B.V. Holland, Continental Contitech - Germany, Movex S.p.A. - Italy, Mulco Group - Europe, Max Schlatterer Esband - Germany, Volta Belting Technologies - Israel, Zentex S.p.A. - Italy, IHF Fordertechnik - Austria, Ashworth Metal Conveyor Belts - USA, Modutech Modular belting system - Turkey, SWR Europe V Belts, Vari-Speed Belts, Special Belts. Our in-house Brands offering value-for-money to industries.

AJANTA BOTTLE PVT. LTD.

Ajanta Bottle, A pioneer in the packaging industry for over 43 years, specializes in high-quality packaging solutions. Committed to sustainability and innovation, we cater to diverse industries with customizable & eco-friendly packaging options.

AIRLOCK INDIA PRIVATE LIMITED

Airlock India Pvt Ltd supplies a complete range of pneumatic conveying components of high quality to various industries with the main focus in the ASEAN region.

At Airlock India we are totally committed to meet customer's solids handling requirements to their highest expectations.

Assurance can be taken from the fact that the products handled by Airlock are internationally recognized in the Food, Dairy, Pharmaceutical, Chemical and other process industries.

AKILAM ECOWARE

Akilam Ecoware is a forward-thinking company dedicated to providing sustainable packaging solutions for a greener tomorrow. Specializing in eco-friendly alternatives to traditional single-use plastics, we offer a range of biodegradable and compostable products like party plates, take away bowls tailored for food service, hospitality, and retail industries. Our products are made from renewable resources such as plant-based materials, ensuring minimal environmental impact throughout their lifecycle.

ALFELDER KUNSTSTOFFWERKE PVT. LTD.

Established in 1879, with over 145 years in the packaging industry, Meyer Seals® has developed into a world leader in the closure lining industry, with sealing inserts for both aluminium & plastic closures. Meyer Seals has 2 manufacturing units in Germany and one in Thailand, with strategically located sales & distribution offices in India & China. We supply to over 80 countries across all continents, covering range of applications - Food, Pharma, Agricultural Chemical, Motor Oils & Beverages.

**AMBAFLEX ASIA PACIFIC BV
(SINGAPORE BRANCH)**

AmbaFlex is the partner for customized material handling systems based on spiral conveying technology! Our unique SpiralVeyor is used in a wide range of markets and applications for vertical transportation, temporary storage and the accumulation of single goods and packed products.

ALLROUND (INDIA) VEGETABLE PROCESSING MACHINES PVT LTD.

Allround Vegetable Processing is a distinguished company from the Netherlands established in the 1970s, is renowned for its vegetable processing machinery, specializing in onions, potatoes and carrots. In the domain of potato pre-processing lines, AVP stands as an industry leader. Their expertise and innovative technology have revolutionized the pre-processing of Indian snacks such as French fries, potato chips, potato flakes, Aaloo bhujia, Samosa and Paratha.

AMF BAKERY SYSTEMS

Industry leader in bakery machines and automation presents itself at Anuga FoodTec India booth M26. Through innovative engineering and master bakers' expertise, AMF designs complete production lines and special machines for:

- soft bread and buns
- artisan bread and rolls
- pizza and flatbreads
- cakes and pies
- pastries and croissants and snack foods

Equipment: dough handling, mixing, dividing, rounding, moulding, sheeting, laminating, depositing, decorating, handling, proofing, baking, cooling, packaging

ALSTRUT INDIA PVT LTD

Collaborative Robots & Robotic Solutions | Autonomous Mobile Robots (AMR) | Robotic Gripping Solutions | Modular Plastic Chain Conveyors | Telescopic Conveyors | Conveyors - Belt / Roller / Chain | Enclosures | Packaging & Palletizing - Automated / Semi Automated | End Of Lines Automation | Custom Designed Assembly Lines | Profiles & Accessories | Work Tables / Stations | Trolleys

AMALGAM BIOTECH, A DIVISION OF AMALGAM ENGINEERING

Amalgam Biotech, A Division of Amalgam Engineering is Asia's leading wastewater treatment and odour control solution provider and has 20+ years of experience in the wastewater treatment industry. Our expertise lies in harnessing microorganisms to efficiently degrade organic matter and contaminants in wastewater. Our dedicated team of scientists, engineers, and environmentalists is committed to tackling complex wastewater challenges head-on. We excel in industrial odour neutralization, and introduced dry vapor odour control technology in India for moisture-sensitive manufacturing units. Our cutting-edge solutions transform contaminated water into a valuable resource, safeguarding ecosystems for a cleaner, brighter tomorrow.

ANAND ENGINEERS PVT. LTD.

Molygraph Lubricants is a leader in the innovation, formulation, and manufacturer of super specialty lubricants. Our proven experience in product development and deep technical knowledge on the application side, allows us to add value to our customer's processes. Our customer profile ranges from Automotive OEM & first-tier suppliers, the world's largest steel & sponge plants, major hot forging/HVAC/metal forming manufacturers, prominent suppliers in the oil & gas industry as well as top-of-the-line manufacturers in various heavy and general engineering segments.

ANDRITZ TECHNOLOGIES PVT LTD

ANDRITZ provides mechanical and thermal solid/liquid separation technologies, completed by comprehensive services and automation and digitalization solutions. The customized, innovative solutions focus on minimizing the use of resources and achieving the highest process efficiency, thus making a substantial contribution towards sustainable environmental protection. The portfolio includes technologies for pumping, extraction, filtration, centrifugation, concentration, drying, and solidification.

ANVAL VALVES PRIVATE LIMITED

Anval stands as the market leader in designing and manufacturing valves, feeders, and airlocks. Originating from an Australian thermal processing specialist, Anval leverages over 45 years of industry experience to deliver top-quality equipment for some of the world's most challenging applications. Anval is continually expanding and enhancing its product range to meet the growing and diverse needs of its customers. Committed to customer satisfaction, ensuring spare parts and full-service support.

APEX BRASIL

ApexBrasil works to promote Brazilian products and services abroad and attract foreign investments to strategic sectors of the Brazilian economy. In order to achieve its goals, ApexBrasil carries out several trade promotion initiatives aimed at promoting Brazilian products and services abroad, such as prospective and trade missions, business rounds, support to the participation of Brazilian companies in major international fairs, visits of foreign buyers and opinion makers to learn about the Brazilian productive structure, among other business platforms that also aim at strengthening the Brazil brand.

APEXO PACKING MACHINE PRIVATE LIMITED

We are manufacturing and export all type of automatic pouch packaging machines.

APOLLO VTS INDIA PVT. LTD.

Apollo VTS India is 100% own subsidiary of Royal Apollo Group, Netherlands. Apollo VTS India dealing in Vertical Transport System called Spiral Conveyors. We provide the worlds best vertical conveying system which can transform your operational efficiency and enhance productivity. In February 2022, the APOLLO Group not only celebrates their 175th birthday but also officially carries the title 'Royal APOLLO Group': a predicate from the King of Holland that announces an acknowledgment for having a good reputation and symbolizes the respect, valuation, and trust of the King.

AQUA CHILL SYSTEMS INDIA PVT. LTD.

Aqua Chill Systems India Pvt. Ltd. specializes in complete projects in HVAC, Process Cooling, CHPC Architecture, and Gas Turbine Inlet Air Cooling. We also offer services like Annual Maintenance Contracts and Operation & Maintenance Contracts for these systems.

ARCEUS INDIA

We are glad to welcome you in our company! With a single vision of providing the best service and top quality technological solutions to end users, we began our journey in year 2018. Today we are a well-recognized automation solution providers for industries like Process Automation, Conveyor, Packaging Machine, Blenders, Industrial Project, Special Purpose Machine Manufacturing, Food Industries, Heat Treatment, Earth Moving Equipments & Turnkey Projects etc.

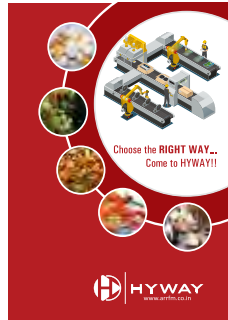

ARMSTRONG DEMATIC

Armstrong Dematic is a global industry leader in Intralogistics and Warehouse automation. We build intelligent intralogistics solutions. With innovative know-how, we automate your inbound & outbound, storage & retrieval, sorting and end of the line operations. Our uniquely crafted solutions double your productivity, with 100% visibility and eliminate pilferage. To enhance your profitability, we deploy Robotics, Artificial Intelligence, Machine Learning and Video Analytics.

ARR FOOD MACHINES

HYWAY Procons Pvt. Ltd. is a renowned manufacturer specializing in product handling conveyors, industrial washers for crates, pallets, trays, and industrial ribbon blenders. Formerly known as ARR Food Machines, our company has undergone a transformation to reflect our commitment to innovation, quality, and customer satisfaction. With a strong focus on catering to the needs of industries such as food, snacks, pharma, dairy & Ice-cream, Meat & fish, warehousing, and fulfillment centers, we offer cutting-edge solutions that streamline production processes and enhance efficiency

ART NEXT PVT. LTD.

Art Next Pvt Ltd, established in 2004, is a leading name in the digital printing industry with a 20-year legacy. ANPL prides in its exceptional quality, innovative solutions, and quick turnaround times, consistently evolving to meet clients' changing needs.

Our printing and packaging services include:

Flexible Packaging: Stand Up Pouches, Center Seal & Quad Seal Pouches, Sachets, Roll form Laminate, Shrink Sleeves, Labels.

Rigid Packaging: Boxes & Cartons from board, paper.

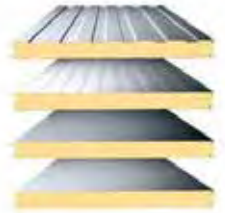

ASIAN PACKING MACHINERY PVT LTD

Asian Packing Machinery Pvt. Ltd. began in 1990 with a decision to produce the best packaging machinery possible for world-wide market. We are one of the most prominent names among the manufacturers, exporters, and suppliers of all type of pouch packing machines. Our range of Automatic Packing Machine includes VFFS Machine with multi-head Weigher, VFFS Machine with volumetric Cup Filler, VFFS Machine with Servo Auger Filler, VFFS Machine for Small Sachet.

A-STAR INSULATION PVT. LTD.

A-Star Insulation and Refrigeration. is a leading manufacturer of Polyurethane Foam (PUF) Panels, providing innovative solutions for a wide range of industries. With a commitment to excellence and a passion for quality, we have established ourselves as a trusted name in the PUF panel manufacturing industry. Our state-of-the-art facilities and a team of highly skilled professionals enable us to deliver superior products that meet and exceed our clients' expectations.

ATAGO INDIA INSTRUMENTS PVT LTD

ATAGO INDIA is the India Office of ATAGO CO LTD, Japan involved in manufacturing of refractometers, TPC meters and Salt meters.

ATTHARV SAI FLEXIPACK PVT LTD

Located in Mysore, our packaging industry boasts over 25 years of expertise in advanced packaging solutions. We cater to diverse business needs, combining functionality, aesthetics, and sustainability. Our state-of-the-art facilities and continuous innovation ensure top-quality packaging that protects and enhances product appeal.

AUGER ENTERPRISE CO., LTD.

Auger Enterprise Co., Ltd. was established in 1992. Our main products are auger fillers, vibratory fillers, and pump fillers. Our products apply to filling and packaging all kinds of powders, granules, liquids' products. We offer products and services, They are ideal for food and confectionery manufacturing, the pharmaceutical industry, and the fine chemical industries. The design and manufacturing of equipment are both handled by an experienced team based in Taiwan for more than thirty years.

AVITY AGROTECH PVT. LTD.

We are a professionally managed and ISO certified company engaged in the manufacturing of plants and machinery for cleaning, sorting, conveying, size reduction and blending of all kinds agro-commodities and other dry solid particles.

AUSSAN LABORATORIES INDIA PVT LTD

Aussan Laboratories India, an Indian Subsidiary of Aussan Laboratories, Australia. Aussan Laboratories is in the business of manufacturing and supplying Bioflavonoid based ORGANIC CERTIFIED Products for use in Food Products and in Agriculture. These Bioflavonoids have been extracted from Citrus Fruit Citrus aurantium and are finding unique applications to extend hygiene and shelf stability of Raw as well as Processed Agri-food products.

AVONFLEX PVT LTD

Avonflex is envisaged to provide flexible packaging and printing solutions in a wide range of pouch and roll form to numerous industries, including food, agricultural, home and personal care, and many more both domestically and internationally. Our items' production lines are highly quality controlled with latest and state of art Technology. This enables us to provide you with the best packaging solution and following the market's specifications.

AVIANS INNOVATIONS TECHNOLOGY PVT LTD

Avians take immense gratification in introducing ourselves as the pioneer manufacturers & Solution provider for all types of High End Automatic Entrance Doors & Loading Bay Equipment's.

We offers wide range of products like High Speed Door, Sectional Door, Motorised Rolling Shutter, Fire Rated Rolling Shutter & Sliding Door, Dock Leveler & Shelter, Motorised Gate, Sliding & Folding Door and all type of Physical Access (PAS) & Vehicle Access (VAS) Solution.

AXTEL INDUSTRIES LIMITED

Axtel, with about 3 decades of industry presence, has developed technology at par with top global manufacturers of food processing machines. Our wide range of process solutions cover various applications across food processing value chain right from handling raw ingredients, to processing at multiple stages, and integration upto consumer packaging. Food verticals: Chocolates, Spices, Seasonings, Snacks, Biscuits, Noodles, Instant Mixes, Nutraceutical, and others.

AZO GMBH & CO. KG

AZO is a global leader in automated raw material handling, offering solutions for bulk material handling, ingredient dosing, pneumatic conveying, container handling, and process optimization software. With a focus on efficiency and precision, AZO's systems streamline production processes in industries such as food, pharmaceuticals, chemicals, and plastics. They provide custom engineering solutions tailored to clients' needs, ensuring optimal performance and reliability.

AVISMATIC SOLUTIONS PVT LTD

Avismatic Solutions is a technology and service based company. We provide solutions to food and pharma industries in the space of food processing automation, End-of-Line packaging, and plant hygiene engineering. Avismatic Solutions has handled some of the most complex projects for the most reputed companies, and our projects and products are some of the best in the industry.

BAHUBALI ELECTRONICS PVT LTD

Clear Can is a leading manufacturing firm since 2008 dedicated to crafting top-quality PET products for a wide range of packaging needs. With our commitment to innovation, quality, sustainability, and client satisfaction, we have emerged as a trusted name in the industry

Key Features of Clear Can : Versatility: Our PET cans are designed to accommodate a diverse array of products, providing a secure and visually appealing packaging solution for every item.

BEACON ENGINEERS

Beacon Engineers is a distinguished name among conveyor systems manufacturers in India. With a two decades-long legacy of innovation and precision, we stand as a beacon of excellence within the industrial automation companies in the market. As one of the leading conveyor manufacturers in India, our commitment extends beyond crafting cutting-edge conveyor systems, we specialize in providing comprehensive automation solutions that redefine industry standards.

BAKEWORKS EQUIPMENT

Bakeworks equipment is a company built on a strong commitment to excellence. As leading manufacturers and marketers of commercial kitchen equipment, we serve the needs of culinary professionals across the hospitality sector.

BECKHOFF AUTOMATION PVT. LTD.

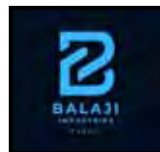

Beckhoff implements open automation systems using proven PC-based control technology. With PC-based control and EtherCAT, we offer automation solutions for packaging machines.

Gain competitive advantages through innovative technologies, end-to-end solution for all packaging applications, competent advice thanks to in-depth industry expertise, flexibility in machine design with intelligent product transport systems and customized solutions thanks to a modular and scalable portfolio.

BALAJI INDUSTRIES

We are Manufacturer of Sweet and Namkeen Making machines. We provide best quality machines like Mawa Machine, Milk Boiling Machine, Kaju Katli Machine, Dodha Kettle, Rasgulla Boiling Machine, Rasgulla & Gulab Jamun Frying Machine, Namkeen Frying Kettles, Dal Washing Machine, Potato Boiling Machines etc.

BECTOCHEM LOEDIGE PROCESS TECHNOLOGY PVT LTD

“Bectochem Loedige Process Technology” is a strategic & thoughtful venture between Gebrüder Lödige Maschinenbau GmbH and Bectochem Consultants and Engineers, India, whereby Lödige forays in to Indian Market to exhibit and establish products and their expertise in process technology Bectochem Loedige Process technology Pvt Ltd with principles Gebrüder Lödige Maschinenbau GmbH, inventor of the Ploughshare® mixer, is today the world's leading provider of process equipment and subsystem

BELCON POWERTRANS LLP

Established in 1941, Belcon Powertrans LLP has carved out a prestigious reputation as an industry leader in the manufacturing of high-quality Vertical Form Fill Seal (VFFS) belts, special belts, timing pulleys, locking devices, timing belts, and PVC/ PU Conveyor Belts. Over the past eight decades, we have consistently demonstrated our commitment to excellence, innovation, and customer satisfaction, making us the preferred choice for many reputed Original Equipment Manufacturers (OEMs).

BELTING ENTERPRISES PVT LTD

Since the early 80's, Belting Enterprises has been in most modern high-tech conveyor belts and transmission belts. Giving solutions has been a major agenda.

Ultimate hygiene conveyor solutions are given by Mafdel Positive belts to replace conventional modern plastic belts. Complex automation & handling mechanisms are made simple & cost effective by well designed Special Functional belts. All projected operations are achieved with an artistic attention & care,

BESTOMECH INDUSTRIES

Bestomech was incepted in 1991 with a vision of manufacturing high quality Pulleys, Power Transmission Products and Precision machined components. Partnering innovation for last 3 decades and is one of the leading and fastest growing manufacturing of Transmission Pulleys and power transmission products for Engineering Industries.

BIKANER POLYMERS PVT LTD.

We are a renowned name in packing industry with having manufacturing units in Jaipur and Hyderabad. Our company was established in 2000.

We are manufacturers of
PET Cans
PET Jars
PET Bottles
PET can seaming machines

TRANSPET

BLISS-CA TECHNOLOGIES

Bliss-ca Technologies was founded in 2013 and is best described as **Bliss-ca Technologies** young, effective and on the rise. Bliss-ca Technologies also believes in building long term business relationships through continuous innovation and better service. We Bliss-ca Technologies are the service-oriented team, supplying high speed primary & secondary Packaging machines from Italy, USA, Brazil and Taiwan. We provide responsive, reliable and knowledgeable technical support for all your after sales need.

BOIX MACHINERY INDIA PRIVATE LIMITED

With more than 5 decades of experience, Boix Maquinaria is a benchmark in the sector of manufacturers of machines for the assembly and forming of corrugated and compact cardboard boxes. We have been developing technologically adapted solutions for different sectors, among which we highlight: Cardboard, Food Industry, Agriculture Industry. It should be noted that our machines are designed for multiple case designs, regardless of what you need to pack.

BOSS PACKAGING SOLUTIONS LTD

Established in 2008, located in Ahmedabad, Gujarat, India, "Boss Packaging Solutions Limited" stands as a prominent name in the manufacturing and supplying of a wide array of packaging machinery. Our comprehensive range includes Labelling Machine, Shrink Sleeve Applicator, Screw Capping and Liquid Packaging Lines

BRADMAN LAKE GROUP

Bradman Lake group is the major supplier of Integrated Packaging Technology to key industry sectors including bakery & biscuit, chocolate & confectionery, dry foods, chilled and frozen foods, consumer, pharmaceutical and healthcare. From distribution and feeding systems, flow wrapping, roll wrapping, bagging, robotics and cartoning to case packing, shrink wrapping and palletising, time after time the world's leading companies place their trust in Bradman Lake Integrated Packaging Technology.

BRAHER INTERNACIONAL SA

BRAHER INTERNACIONAL, SA is a leading manufacturing Company for the food, meat and catering industries.
Manufacturing line: SLICING MACHINES - MEAT MINCING MACHINES
With more than 65 years of experience, Braher Internacional is the leader in the Spanish market, reaching a vast export market with more than 50 countries in which BRAHER is firmly represented with a wide range of commercial network.

BRICSPAC INIDA PRIVATE LIMITED

Bricspac India Pvt. Ltd., a Customized Conveying Automation solution provider based out of Mumbai, India.

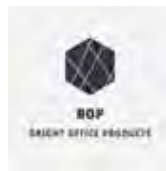

With 30+ years of experience in the Indian Packaging, Logistics and Warehousing industries, we have ensured the best solution for any packaging requirements, customized as per the needs of our customers. Our solutions include:

- Material Loading & Unloading Solutions
- Material Conveying Solutions
- Lifting Solutions
- Storing Solutions
- Sorting Solutions
- End Of Line Solutions

BRIGHT OFFICE PRODUCTS

"Our incorporation, "BRIGHT OFFICE PRODUCTS" is working in this industry 1986. These years of efforts come in an outstanding way that we are gratifying the huge clients' base. Our association is an Individual - Proprietor based venture. We have settled our main head office at Mumbai, Maharashtra. We are matching up with the never-ending necessities of the customers, our company is a leading Wholesale Trader of HP Print Cartridge, TIJ Handheld Inkjet Printer and further more"

BRY-AIR (ASIA) PVT. LTD.

Bry-Air is a global leader in dehumidification and offers comprehensive solutions in moisture / humidity control across various industries, including food, with applications like powder food, spices, confectionery, potato chips, tea, etc. A Pahlwa Group company, Bry-Air Asia operates four state-of-the-art manufacturing facilities in India and has fully owned subsidiaries in Malaysia, China, Switzerland, Brazil, and Nigeria, along with an associate plant in the US.

BURKERT INDIA PRIVATE LIMITED

Burkert fluid control systems is one of the world's leading manufacturers of measuring control and regulating systems for fluids and gases. Our focus lies on industries such as the pharma industry, food & drink, medicine, laboratories and dental, electronics, semi-conductors ,energy and aerospace Technology. Burkert is only supplier to offer all fluid control system components from solenoid valves to process and analytical valves as well as pneumatic actuators and sensors and control electronics

BURNER INDIA

We, Burner India, Under the Leadership of Mr. Vinesh Bhatia, are committed to providing next-generation, eco-friendly, extremely efficient burners and heating solutions to the industry. We are well known for our technical know-how, made-to-order solutions, strong service network. At each stage of manufacturing of the burner, our expert team makes sure that burners are manufactured as per industry standards and the customer's demand. The fuels on which our burners work are Light/Heavy Oil, Natural gas/LPG/Bio-gas, and Biomass Pellets/ Cashew Nutshells.

CAGRI ENDUSTRI MALLARI PAZ. YAT. SAN. VE TIC. A.S.

We stand as producer in the global market and are exporting our products way more than 50 countries. Our company, with over 40 years of experience in the standard component industry, is comitted to the constant research of solutions to guarantee a flexible and effective answer to the varied requirements of industrial automation. We design and manufacture standard components in the form of three modular systems to make aluminium structures for industrial automation aluminium structures for chain, belt and pallet conveyors, stainless steel and aluminium structures for safety guards.

CANNY COVERAGE PACKAGING PVT LTD

We, Canny Coverage, are the leading manufacturer of Packaging Machine since 1992 with world wide more than 10,000 client and 25,000 up installation of packaging machine. We provide High speed Packaging machineries, for a wide range of products like Powder, Granules, Solids , Liquids & Pastes , serving a variety of industries like food, Pharmaceuticals, Cosmetics ,FMCG and Agro Chemicals.

CATALIS PACKAGING TECHNOLOGIES PVT. LTD

Precision engineered and robust, Our cutting edge packaging machinery epitomizes reliability and efficiency. Designed with advanced automation features our machines handle various packaging tasks ensuring consistent output and minimizing downtime. Versatile and adaptable they accommodate diverse product sizes and types with customizable settings to meet specific requirements. Catalis machines are engineered for seamless integration into production lines.

CITRONIX FELIX SOLUTIONS

WORLD CLASS SUPPLIER OF CIJ TECHNOLOGY

Citronix products are sold and supported across the globe through a network of factory authorized and trained distributors.

CITRONIX INC

Citronix's printers are found in the most demanding coding and marking applications across industries such as food and beverage, extrusion, cable and wire, cosmetics, pharmaceutical and healthcare, electronic components, automotive, construction and other industrial sectors. We have Industrial Inkjet Coding Printer For Online Batch Code, Mfg, Expiry Extra.

CILICANT PRIVATE LIMITED

CILICANT is India's fastest-growing active packaging manufacturer that has expertise in enhancing the shelf life of packaged products worldwide. CILICANT holds Type III Drug Master File with US FDA and Health CANADA and has dedicated cGMP ISO 15378:2017 certified manufacturing facilities in Pune, India. CILICANT offers a wide range of active primary packaging solutions to protect packaged products from moisture and oxidative damage, supported by a dedicated R&D team.

CLEANTEK

Cleantek is the prominent Manufacturer, Exporter and Supplier of a proven range of technologically advanced Cleaning Products. Our range includes, Dust Collection System, Industrial Vacuum Cleaner, welding fume extractors, Soldering fume Extractors, CNC oil mist extractors, mist collectors, portable & centralized dust collectors, wood dust collectors, ring blowers, side channel blowers, centrifugal blowers, paint booths, pneumatic conveying systems, Flux recovery systems, wet scrubber systems.

CIPRIANI HARRISON VALVES PVT LTD

Cipriani Harrison Valves is a manufacturer of high quality, sanitary, forged 304L and 316L Stainless Steel Valves.

All of Cipriani Harrison's Valves are serialized for full traceability, even 304L valves! Cipriani Harrison's documentation program makes Material Test Reports and Spares simple and easy for processors. With a broad range of Hygienic Processing Valves and Flow Devices Cipriani Harrison successfully serves the Food, Dairy, Wine, Beer, Cosmetic, Pharmaceutical & Biopharma industries.

CLEARPACK AUTOMATION PVT. LTD.

Clearpack group, headquartered in Singapore, is a leading manufacturer and supplier of Packaging solutions. Besides manufacturing a range of packaging machines based on European technology under license from world renowned partners, we also distribute machines from best-in-class suppliers from Europe and USA.

Our sales and engineering teams work closely with our customers to under their automation needs be it for stand-alone machines or a complete Turnkey packaging line.

CLEXTRAL

Flexible complete lines for food and feed, including from coating to seasoning to drying :

- Range of extruders, dryers, preconditioners and ancillary equipment such as coating, seasoning, coextrusion kit, etc

For a wide range of applications:

- Alternative proteins, snacks, crispbreads, breakfast cereals, flake, co-extruded biscuits, bread snacks, wavy chips, ingredients, bread crumbs, infant cereals, modified flours, couscous and pasta etc

COLUMBIA MACHINE INDIA

For over 50 years, Columbia Machine has palletized a vast array of products for Fortune 100 companies in food, beverage, and more. Their high-speed palletizers, from robotic to floor-level, can handle anything from paper towels to dog food. Global leader, Columbia builds reliable palletizers for diverse industries. Our flexible, upgradeable designs can achieve speeds exceeding 200 cases per minute.

CNP PUMPS INDIA PVT. LTD.

CNP Pumps India is a leading Indian Pump Company which produces Quality Stainless Steel Pumps. Since our establishment in August 2005, we have created an expansive foot print in the Indian Pump Industry.

We specialize in the production of Stainless Steel Pumps for Clean & Clear Water Applications. Applications for our Stainless Steel Pumps include Water Treatment, Manufacturing Industry, Domestic & Commercial Buildings and Agriculture & Irrigation.

CONCORD PRINTING

CONCORD PRINTING is a 2nd generation family-owned Printing & Packaging business based in Vadodara, and amongst India's one of largest manufacturers of flexible & folding cartons and promotional & print design materials. The company boasts a 22,000 sqft unit for commercial printing and 1.25 lakh sqft plant for packaging production. Over the years, we have augmented to the next level by embracing newer and innovative printing techniques which incorporates advanced-tech and high-speed equipment.

COCHIN FOOD TECH PVT LTD

Cochin Food Tech Pvt Ltd, established in 2015 founded by 3 visionary leaders having cumulative experience of 50 years in the food equipment industry with one common goal in mind to Design, Develop and Delivery world class food processing equipment from Cochin India to the world.. We are committed to bring value to customer by ensuring Quality, Reliability, Service and Innovation in everything we

CONVELINE SYSTEMS PVT. LTD

Since its establishment in 2014, Conveline has always been committed to providing the highest quality conveyors and intralogistics conveyors to a wide range of industries.

Conveline Conveyors are used in wide range of industries including food distribution, pharmacy, tobacco, post & parcel, Air & Cargo, Food & Agriculture, Logistics & Warehouse, Packaging and General manufacturing & many more industries. Conveline provides a vast range of reliable and innovative conveyor solution.

COESIA INDIA PRIVATE LIMITED

FlexLink, headquartered in Sweden, is a leading expert in factory automation. From conveyor components to turnkey solutions, FlexLink delivers automated production flow solutions that will enhance the efficiency of your production processes. Our customers include leading players in Consumer Goods, Food, Healthcare & Pharma, EV Battery, Tobacco, Ceramic Tiles, Luxury Goods, Aerospace, Racing & Automotive, Electronics, Textiles etc.

CONVEYOR SOLUTIONS INDIA PVT LTD

Flexline Chains: Excellence in Conveyor Systems

Flexline Chains manufactures top-quality SS Slat Chains, Thermoplastic Chains, Modular Belts, and more, using the latest technologies. Our strengths are customer focus, quick response times, and adaptability. We aim to expand globally through innovative products and exceptional customer support. Choose Flexline for reliability and quality.

CUPS & TUBS PVT. LTD.

We, "Cups And Tubs Private Limited" are a "Manufacturer" of Paper Glass, Paper Bowl, Paper Container, Paper Cup, Biodegradable Paper Bowl With Lid, Plain Paper Tub etc.

CYBERNETIK TECHNOLOGIES PVT. LTD

Cybernetik Packaging Automation offers customizable, leak-proof primary, secondary and tertiary automation solutions with high speed, directional control, metered transfer that find wide application in the adhesive, food, FMCG and other manufacturing industries.

Our Expertise includes primary and Secondary Packaging, Palletizing, Case Packing, Industrial Conveyors, Pallet Packaging.

Case Packers for Bottles, Pouches, and Shrink Packs. Palletizers for Drums, Bags, Pails, Boxes, Cartons etc.

DAS ELECTRONICS WORK PVT. LTD

Founded in 2008, Das Electronics Work Private Limited is a prominent manufacturer, exporter, and supplier of Tablet Deduster, Metal Detectors, Metal Detection Systems & Dynamic Checkweighing Machines. Led by Mr. Dattu Mali, Mr. Suresh Patel, and Mr. Aviram Mohanty, the company has achieved success in the industry. Based in Maharashtra, India, we are trusted manufacturers of Metal Detectors, serving over 5000 machines worldwide.

DECBECTOCHEM ENGINEERING PVT. LTD.

From the raw material handling to the final product packaging process, Decbectochem acts as a global player throughout the overall production chain, offering comprehensive solutions from feeding reactors to the final drug production stage.

DHIMAN INDUSTRIES (REGD.)

Latini Hohberger Dhimantec and Dhiman Industries (Regd.) has been a pioneering force in the confectionery machinery industry for over 75 years in India and 95 years in Chicago, USA. We specialize in providing comprehensive solutions for batching, blending, cooking, forming, coating, cooling, and wrapping confectionery products including hard candies, lollipops, toffees, caramels, chewing gum, gummies, and chocolates.

DIAMOND PRODUCTS

Machine Equipments & Machinery Manufacturer of Continuous Namkeen Fryer, Rectangular Fryer, Snack Pellet Deoiling Based System and also Dairy Equipments like Dough Machinery

DMN INDIA PRIVATE LIMITED

We are glad to introduce ourselves as DMN India Private Limited, 100% Subsidiary of DMN-Westinghouse, Netherlands. DMN- Westinghouse has been designing and manufacturing Rotary Vales, Diverters Valves and other related components for the Bulk Solids Handling Industry for more than 70 years. We offer Tailor- made solutions to the Global Food, Dairy, Plastics, Petrochemicals, Chemicals and speciality chemicals, Pharmaceuticals, Minerals, Aquaculture, Power and Biomass Industries.

DOMINO PRINTECH INDIA LLP

Domino is a global MNC with 40+ years of experience in delivering advanced variable data printing solutions. From batch printing and promotional coding to printing traceability codes, we are helping worlds manufacturers to meet regulatory requirements in various countries. Domino has been at the forefront of innovating solutions to meet current as well as future coding , marking, and printing requirements.

DOT GRAPHICS LLP

Manufacturer for Cartons, BlisterPacks & Shelf Ready Packaging.

We are an offset printing & packaging firm based in Gujarat. With the latest technologies in machinery & equipment we ensure to provide our customers with high quality packaging products & services at competitive prices. The facility is certified with FSC CoC & ISO 9001: 2015. We work with clients across different Industry Segments such as Food & Beverages, Pharmaceuticals, Electronics, FMCG to cater to their packaging needs.

DSL MARKETING PVT LTD INDIA

DSL Marketing Pvt. Ltd. has been a leader in marketing industrial lubricants and lubrication systems for over 25 years. Our mission has always been to introduce esteemed international brands to the Indian market. We have built a robust techno-commercial network focused on providing industry solutions, particularly in lubrication and maintenance. As exclusive channel partners, we represent renowned brands such as ROCOL (UK), KRAFFT (Spain), NCOC (USA), ROTALUBE (UK) and BVA Oils (USA).

DOTSMARK SYSTEMS INDIA LTD

"Dotsmark Systems India Ltd", an authorized Master Dealer for HITACHI Continuous Inkjet Printers, SAVEMA-Thermal Transfer Over-Printer, and MARK-1-Thermal Inkjet Printers & Laser Printers. Our products are commercially used for marking and coding printing solutions such as batch codes, expiry dates, manufacturing dates, logos, and other identifying marks and codes for every industry such as Food, Pharma, Beverages, Cosmetics, Packaging, Dairy etc.

DUPACK POLY FILMS

Dupack Poly Films your premier destination for cutting-edge flexible packaging solutions. Based in India, we have been at the forefront of the industry since our establishment in 2008, delivering excellence in Flexible Packaging Materials and Flexible Laminates to an array of global clientele.

DP PULVERISER

DP Pulveriser Industries has been a leader in designing and building size reduction and air classification equipment in India since 1962. With over 7000 installations across 32 countries, we are renowned for our high-grade, reliable machines that ensure consistent performance. Our 62+ years of expertise allow us to optimize, innovate, and automate processes across various industries with tailor-made solutions. Transform your operations with our customized, high-performance equipment.

DURGA MECHATRONICS PVT. LTD.

Durga Mechatronics Pvt Ltd, with over 45 years of experience, is a leading distributor providing top-notch systems and processes to meet the changing needs of India's manufacturing industry.

Our founder, Mr. MP Sultania, started with a bearing distribution business and expanded to include electrical & automation, pneumatics, and more. We have partnered with renowned brands to offer power transmission solutions and are dedicated to setting higher standards for the Indian Automation Industry.

DR FROEB INDIA PVT LTD.

Founded in 1973, Dr. Froeb India Pvt. Ltd. is the largest importer of Meat/Vegan, Dairy, Snack, Bakery and Pet Food processing machines and Spices/casing in India & neighboring countries. We have earned a good reputation as a reliable and dependable and material supplier. Getting the latest innovative technology to our ongoing and emerging partners in India, Nepal, Bhutan, Bangladesh & Sri Lanka. Dr. Froeb (I) Pvt. Ltd. represents more than 30 companies from Europe and USA and enjoys more than 85% market share for supplying equipment to the Food / Meat, Vegan machine, dairy, bakery processing & packaging sector.

DURVA MACHINERY

Durva Machinery is leading manufacturer and Exporter of Packaging Machinery for Pharma, Food, Cosmetic and Pesticides

DYNATECH MARKETING COMPANY

Dynatech is synonymous with high quality reliable, sophisticated European packaging and food processing machines from renowned manufacturers. We supply individual machines as well as complete engineered packaging lines for food and non food products. Our machines are used for dairy products (Milk powder, flavoured milk, UHT & ESL milk, probiotic drink, shrikhand, cream, processed cheese, white cheese, butter, mozzarella, paneer), ketchup, fruit pulps, Juices, Lube oil, Paints, etc.

ECONOMODE FOOD EQUIPMENT INDIA PVT.LTD

Machinery manufacturers of complete solution for snack food industry. (Chips and Namkeen Machinery)

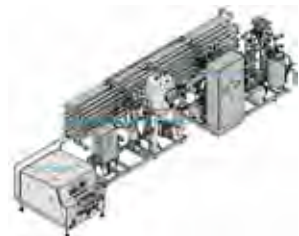

E & S FOOD TECHNOLOGIES PVT LTD

Established in 2012 in Mumbai, Maharashtra, E & S Food Technologies Pvt. Ltd. is known for its long-lasting relationships with leading European manufacturers and wide-ranging experience in providing high-quality solutions to food businesses across the globe We provide a top-level and extensive range of pasta machines, encrusting machines, storage silos, spiral conveyors, water dosing systems, and industrial mixers.

ECONOMY PROCESS SOLUTIONS PVT LTD

Economy Process Solutions Pvt. Ltd is a leading provider of Process solutions for Food, Beverage, Dairy, Winery and allied industries and Vacuum Solutions in India since 1926. Our commitment to quality & innovation has made us a trusted choice for businesses globally. Our manufacturing plant is located in Pune,India at Chakan MIDC. It is equipped with the state-of-the-art mechanical designs and staffed by quality and skilled engineers. We have been the sole representative for Della Tofolla Italy

E DESIGN STUDIO

E Design studio as a branding and designing hub that completely caters to all the graphic design requirements. Right from Branding, Brand Marketing Material, Packaging designs, Website, Social Media etc., we curate a brand story for you in form of design.

EKA PAK GLOBAL (INDIA) PRIVATE LIMITED

We design and develop innovative products based on our insightful understanding of consumers' rapidly changing lifestyles and the world's attention to the environment and sustainability. Produced with state-of-the-art technology and to the highest global standards, our game-changer packaging solutions not only increase the business competitiveness but also, and more importantly, bring greater convenience and a healthier lifestyle to the consumers of tod

ECO COSMOS

Established in the millennium year 2000, ECO COSMOS has developed as a provider of food processing equipments, which boasts of High Quality Engineering, Value for Money Pricing and Reliable After Sales Servicing. We are dealing in Fresh Vegetables Processing Machines from TAIWAN and SOUTH KOREA; Volumetric Filling Machines from TURKEY and Food Forming Machines from SPAIN. Our vision is to bring the best technology available in the world to Indian Food Processors.

ELESA AND GANTER INDIA PVT LTD

ELESA+GANTER is a worldwide sales joint-venture set-up to offer the widest product range of standard machine elements for the mechanical industry. Highly reliable products ensuring perfect functionality with a unique design represents the ELESA+GANTER distinctive quality code. More than 80,000 product codes distributed in more than 70 industrialised countries with local presence and the highest technical consultancy.

EMAAR GLASS INDUSTRIES

Emaar Glass Industries is one of India's pioneering companies when it comes to glass packaging, and it competes marvellously in this fierce market due to its in-depth business acumen. The team at our venture is committed to providing products that not only satisfy customer needs but also add value to investments by minimizing costs and improving productivity. We have been in this business for the last seven years, supplying to almost all Food & Beverage (Alcohol/Non-Alcohol) companies in India. Currently, we are exporting to Africa and Asia. We manufacture glass and various ancillary items to provide a one-stop source for our customers, making EMAAR GLASS the preferred choice. Our wide range of products is showcased in this catalogue, and various other products are developed on a routine basis. For new developments, we help design the product, develop molds, create samples, 3D drawings, 3D prototypes, etc., to bring the final product to the market.

ENGE PLAS AUTOMATION (S) PTE LTD

Enge Plas Automation is a market leading supplier and system integrator of solids process engineering, bulk material handling and automation solutions, covering industries from plastics, food, pharmacy, chemicals, minerals etc. Our main activities are in bulk material handling, conveying, weighing, feeding, dosing, batching, screening, mixing, and drying, IBC, packaging, gates, diverters & loading solutions, magnets & metal detection, level and flow measurement, sampling tools and lab equipment.

ERGEN PLASTIC INDUSTRIES

Leading Manufacturers of Plastic Pallets, Sleeve Box Pallets, Drum Spill Pallets

EMIQUAL FOODS AND TECHNOLOGY PVT LTD

EMIQUAL FOODS is a leading manufacturer of food processing machines, specializing in the design and production of pasta making equipment, drying systems, and related machinery. Our expertise lies in delivering innovative solutions for the food industry, focusing on efficiency, quality, and reliability.

Specializations:

- ◆ Full Automatic Pasta Making Plants
- ◆ Continuous Dryers
- ◆ Static Dryers
- ◆ Roasters
- ◆ Heat Pumps
- ◆ Kurkure (Extruded Snack Food) Machines
- ◆ Other Industry-Related Machine

ERIEZ MAGNETICS INDIA PRIVATE LIMITED

Established in 1942, Eriez is a global leader in separation technologies. Our commitment to innovation has positioned us as a driving market force in several key technology areas, including magnetic separation, flotation, metal detection and material handling equipment. The company's 900+ employees are dedicated to providing trusted technical solutions to the mining, food, recycling, packaging, aggregate and other processing industries.

EMORE HORN MACHINERY INDIA PVT LTD

The Blower Expert Original From Taiwan. We manufacture high pressure and high energy efficiency (IE3, IE4) blowers in the range of 0.2 KW to 20 KW.

EXCEL CONVEYORS & ROLLERS

Excel Conveyors is in the field of manufacturing conveyors & rollers for end of line packaging industry. Our Customers base involves OEMs for Food, Dairy & pharmaceuticals & Chemicals. We manufactures Conveyor Rollers, Roller conveyors - Idlers, Sprocket Driven, Timing belt driven. PU COated, Sleeve, Chrome plated, MS SS304 Polished and many more

EZYPRINT TECHNOLOGIES

Ezyprint is a leading supplier of Coding & Marking.

Ezyprint headquarters is based in Navi Mumbai, we have a facility in and sales & service setup in Mumbai, Faridabad, Calcutta, and Hyderabad. Ezyprint majorly deals in the following product lines:

1. Hp Based Inkjet Printer For Batch Coding
2. Taping And Strapping Machines And Tools
3. Laser Machine
4. Cij
5. Thermal Transparent Printer"

FILLPACK TECHNOLOGY

FILLPACK TECHNOLOGY, an ISO 9001-2015 certified company is strategically headquartered in Ambarnath, Maharashtra, India with two advanced manufacturing units with skilled technocrats & professionals to ensure quality Processing, Filling, packaging machines & dependable after-sales services.

We offer you the right machine ally for your Dairy, Food, Beverages, Cosmetic and pharmaceutical processing & Packaging by providing custom-made machine solutions as per your need.

FADIA ENGINEERS

Manufacturing of Rotogravure Printing Machine (Shafted / Shaftless), Solventless Lamination Machine, Solventbase Lamination Machine, Cantilever Slitting Machine, Center Slitting Machine, Surface Slitting Machine, Inspection Rewinding Machine, Doctoring Machine, Rewinding Machine with Batch Coding Inkjet Printing Machine, Multi Purpose Coating Machine (UV, VMCH, Shellac, Register Coating).

FLAVOURTECH PTY LTD

Flavourtech is a world leader in the development, design and manufacture of thin-film, spinning cone technologies for dealcoholisation, aroma recovery, extraction and concentration. Headquartered in Australia, Flavourtech's unique processing solutions are enabling food and beverage companies around the world to produce higher quality products.

Their streamlined processing solutions result in lower costs of production and higher market shares being achieved.

FASA, AB

FASA AB company manufactures processing, filling and packaging equipment for dairy products. Since 1959 the manufacture has huge experience in packaging field and it is well known in dairy industry all over the world.

Fasa equipment is designed for butter, margarine, processed cheese, yogurt, curd, sandwich type ice-cream, glazed curd cheese. We offer reliable machines for small and medium dairy plants. We produce equipment according to the needs of each customer and we do trials in the factory.

FIBRE FOILS LTD

Fibre Foil specializes in innovative, eco-friendly packaging solutions, offering high-quality, customizable products like composite cans and biodegradable materials to various industries. The company is committed to sustainability, leveraging advanced technology to meet and exceed client expectations.

FLEXLINK

FlexLink, headquartered in Sweden, is a leading expert in factory automation. From conveyor components to turnkey solutions, FlexLink delivers automated production flow solutions that will enhance the efficiency of your production processes. Our customers include leading players in Consumer Goods, Food, Healthcare & Pharma, EV Battery, Tobacco, Ceramic Tiles, Luxury Goods, Aerospace, Racing & Automotive, Electronics, Textiles etc.

FLEXO PACK MACHINES PVT LTD

We are the leading Manufacturer and Exporter Pouch packing machine & Rasgulla Gulab Jamun, Cham Cham Rasmalai making machine. Flexo Pack is a well-established name in the field of manufacturing of pouch packaging machine since 2004, the last 18 years of experience in this industries, we are developed every machine as per requirement of customer. The company owns a well equipped manufacturing unit situated in Faridabad Haryana in India.

FLOETER INDIA RETORT POUCHES PVT LTD

Floeter is one of Asia's most sought after retort pouch manufacturers. We are specialists in retort grade flexible packaging providing solutions for the last two decades. Businesses work with Floeter because we meet their high standards, deliver on-time, in-full and provide the right solutions to our client's packaging needs. Floeter is based out of the National Capital Region (NCR) of Delhi, in India. We have over two decades of industry experience in working for Retort Packaging.

FORBES MARSHALL

For over 75 years, Forbes Marshall has been helping businesses improve their process and energy efficiency and be more environmentally responsible. We provide solutions for steam efficiency and process optimisation. We partner food plants globally with solutions for heat and mass balance, process control and steam system design to ensure consistent quality and food safety with lower energy and water intensity and reduced CO2 emissions. We also provide digital services to sustain performance.

FOODIEQ INNOTECH LLP

Foodieq innotech (NuVey Brand) is a company that specializes in seasoning and flavor manufacturing, aiming to offer innovative product development solutions. They focus on creating unique national and international flavors to cater to diverse tastes. Why Choose NuVey Brand?

Expertise in Seasoning and Flavor Manufacturing, Technical Support for Product Development, Troubleshooting Assistance, Tailored Flavor Solutions, Guidance on Flavor Trends, Hands-on Support.

FORTUNE PET PACK

Manufacturer of PET Sheet, Punnets, Hinged Containers

FOODPRO PACKAGING PVT LTD

YOUR TRUSTED RETORT PACKAGING PARTNER

FPS FOOD PROCESS SOLUTIONS CORP

FPS Food Process Solutions is a global leader in turn-key food processing solutions with 20 locations across six continents. By providing best-in-class turn-key food freezing and chilling equipment and complementary end-to-end solutions, we ensure our customers' products are managed through every step of the production process. Designed to seamlessly integrate and create full processing lines, from raw receiving to packaging, FPS are with you every step of the way.

FORBES MACSA PRIVATE LIMITED

Forbes Macsa Pvt Ltd is formed by a joint venture between Forbes & Company Limited and Macsa id Spain to develop, produce, and market laser marking systems to meet permanent marking & traceability requirement for various industry segments in India. The JV combines Bradma's product reliability and longstanding market penetration with the international technological know-how of laser marking solutions of Macsa id.

FPT MIDDLE EAST FZE

A customer service oriented company in the Food Processing Industry focuses on its customers, their requirements and needs. It values them over anything else, responds to them quickly and efficiently. Customer service-oriented team help businesses by providing warm and genuine care for clients to resolve disputes.

FRANSTEK BELTS PRIVATE LIMITED

We " Franstek Belts Pvt Ltd "are an affiliate company of CHIORINO, S.p.A., Italy. "CHIORINO" is more than 100 years old company having a wide range of CONVEYOR & PROCESS BELTS FOR FOOD SAFETY. Chiorino food belting solutions fully comply with the latest & strictest European and International Food Regulations. Certified food compliances - FDA , USDA, NSF/ ANSI , HALAL , Antimicrobial & V-Label Vegan certified. CHIORINO products offer a choice of belts for food industry with many features

GANDHI AUTOMATIONS PVT LTD

Gandhi Automations Pvt Ltd is India's No.1 entrance automation & loading bay equipment company. In our state of art European designed manufacturing facility of 5,00,000 sq. ft., Our product range includes: High Speed Performance Doors, Dock Levelers, Dock Shelters, Loading Bay, Rolling Shutters, Fire Rated Rolling Shutters & Sliding Doors, Industrial Sliding Doors, Aircraft Hangar Doors and Shipyard Doors, Cold Storage Doors etc. for Food Industry.

FRESH O VEG PVT.LTD.

Established in 1996, Fresh-O-Veg has been a part of food processing and packaging in India by blending technology with sustainability. Supported by professional food technologists and engineering team we conduct time-motion and process studies and integrate these with simulation technologies to streamline operations. Utilizing advanced tools like BIM 7D and adopting a data-centric design approach, at Fresh-O-Veg we are trying to set new standards for efficiency and eco-consciousness in the industry

GANSONS PVT LTD

Founded in 1947, Gansons provides end-to-end processing solutions for pharmaceutical, food, chemical and personal care industries. We specialise in designing and deploying equipment to regulated facilities, with stringent quality requirements. We are most widely recognised for our flagship tablet-coating system—The GansCoater®.

FRIOMETIC MACHINES INDIA

Dynamech Engineers is a pioneer in the field of Snack Making machine, Since its inception in 1985 we have introduced new products and solutions at regular intervals. Having expertise in providing turnkey solutions for Namkeens snacks, Potato Chips, Extruded snacks. We offer the whole range of machines from semi automatic systems to full automatic lines. Our forte is in designing and manufacturing continuous fryers for various items capacity ranging from 25 kg/hr to 1000 kg / hr.

GIRIRAJ INDUSTRIES

we are manufacturer of pellet and pellet burner located in surat

GALAXY SIVTEK PRIVATE LIMITED

Galaxy Sivtek®, a leader in industrial screening solutions, proudly introduces the Super Gyrotory Separator®. This innovative machine represents a significant advancement in separation technology, offering a two-fold increase in efficiency compared to conventional separators while simultaneously achieving reduced energy consumption. The Super Gyrotory Separator® incorporates a groundbreaking design that strategically positions vibratory motors to generate exceptionally strong vibrations. This optimized system creates a circular motion, ensuring the even distribution of materials across the mesh screen. This translates to maximized throughput and optimal utilization of processing capacity.

GLOBAL MARKETING EMPIRE

HYTEK Food Equipment, focuses on the development & Supply of wide range of Food processing equipment for Big commercial kitchens, Industrial catering automation and Food processing industry. Hytek offers a broad range of equipment for Corporate & Industrial Kitchens, Cloud kitchens, Indian Army, Training centers, Religious Institutions, Hospital Kitchens, Educational Institutions, Frozen snacks, Pickle industry, Restaurants, Food Courts etc.

GLOBAL TEK (INDIA)

We "Global Tek", are reckoned suppliers, distributors/dealers of Epson, Brother, TVS-E, TPE- (Everlon-Taiwan & CP Chemie-Malaysia), Anshuman Tech, Cromwell, Metrel. The range of product we provide Printers -- Color Label, Thermal Barcode, Receipt (POS) Printers, WiFi, Bluetooth Mobile Printers, RFID, Intank, Laser, Touch POS Machines - Android, Windows, Barcode Scanners, Projector, Billing Machine, Cash Drawer, Industrial Robots, RFID & Labelling Solutions.

GRADE & GRIND TECHNOLOGIES PRIVATE LIMITED

Grade & Grind Technologies Pvt Ltd are manufacturers & exporters of size reduction equipment for almost any kind of products. Also, we are the manufacturers of various cleaning system, blending system, drying system, roasting system, sieving system, etc. in order to provide solutions to Food Industry, Pharmaceuticals Industry, Flour Industry, Chemicals Industry, Nutraceuticals Industry, Minerals Industry, etc.

GOMA ENGINEERING PVT LTD

Goma Group of Companies is a 40+ year old company dealing in Process Technology Equipment & High-Pressure Pumps. We prioritize delivering high-quality products and services to our clients. We strive for continuous improvement and the development of new solutions for the Dairy & Beverage industries. We prioritize delivering high-quality products and services to our clients. We provide turnkey Solutions. We are an ISO 9001: 2015 as well as ISO 45001:2018 Engineering Company.

GROWMAX INTERNATIONAL

Growmax international is a food machine manufacturing company.

GOODLIFE TECHNOLOGIES PVT. LTD.

Established in 2007, We GOODLIFE TECHNOLOGIES PVT. LTD. are specialist in manufacturing bakery equipment as Cookie drop machines, Planetary mixers, Cake depositors, Centerfilling injectors & Handmade cookies extruders. We have our own wholesale bakery where we test and use our machines. We constantly upgrade our machines. We provide our customers with training and full support. Our policy is Quality, Clarity & Honesty. We have over 2400 satisfied customers in India & Abroad.

GRUNDFOS PUMPS INDIA PVT LTD

Grundfos provides the most energy efficient pumping solutions with the lowest life cycle cost to its users. These pumps cover a broad range of applications and even wider variety of configurations. As of January 2021, Grundfos moved from a geographical approach to a customer-based approach to reach its customer base better. The company focuses on offering solutions to customers across four segments: Domestic Building Services, Commercial Building Services, Water Utility, and Industry.

GURU ENGINEERS

We, Guru Engineers are pioneering manufacturer specializing in cutting-edge food processing equipment since Year 2006. Committed to excellence, innovation, and customer satisfaction, Guru Engineering has emerged as a trusted partner for businesses in the food industry seeking state-of-the-art solutions for their processing needs.

GOSTOL-GOPAN D.O.O NOVA GORICA

GOSTOL - PART of TP FOOD GROUP, offers integrated industrial solutions for setting up and optimizing medium and large bakeries. We provide complete, customized equipment for dough mixing, dividing, moulding, proofing, baking, and cooling to ensure efficient bakery operations. With over 75 years of experience, we deliver turnkey solutions worldwide. Our focus on automation, flexibility, and reliability is aimed at helping your bakery business succeed.

HANNINGFIELD INDIA PVT LTD

Hanningfield India, a partner of Gansons, specializes in the design, manufacture, and supply of equipment for powder handling, processing, and containment in the pharmaceutical industry. Their products include milling and sizing equipment like conical mills and sifters, conveying and transfer systems such as vacuum and capsule conveyors, lifting and handling systems including hoists and drum tipplers, and containment and control solutions like powder recovery cyclones and silicone accessories.

HARI OM INDUSTRIES

Hari Om Industries is the Pioneering Company for "FOOD PROCESSING MACHINERY" Since 1990. All our products is first researched and developed by our company in 1989, and lunched in 1990, We have pride for developing such a new products in "FOOD MACHINE LINES" with new technology by researching our self, A Hari Om Industries and our product brand name "KRISHNA" Manufacturer and Exporter of Export Quality Food Processing Machines Like Dry-fruit Slicer, Dicer and Powder machine, Potato-Banana Chips Plant

HARIKRISHNA TECHNO (INDIA)

HariKrishna Techno India is the Pioneering Company for "FOOD PROCESSING MACHINERY" Since 1990. All our products is first researched and developed by our company in 1989, and lunched in 1990, We have pride for developing such a new products in "FOOD MACHINE LINES" with new technology by researching our self. We Are Manufacturer Of All Type Of Food Processing Machinery Like Potato Chips Plant, Banana Chips Plant, Dry Fruit Cutting Machine, Dal Washer, Chana Pressing Machine, Ribbon Blender etc.

HCS ENTERPRISES

'HCS Bakery Machines' are a world reckoned manufacturers, suppliers and exporters of a comprehensive range of bakery plants, machines and equipment that includes steel flour sifters, bread slicing machines, baking proofer ovens, planetary mixers, infrared ovens, rack ovens etc. Catering to the demands of bakery industries all over the world, our range has etched a remarkable place in the domestic as well as overseas markets.

HEAT AND CONTROL PVT. LTD.

Heat and Control has been advancing food production with Industry-changing equipment and technology worldwide since 1950. We engineer and manufacture modern industrial processing, coating, seasoning, conveying, weighing, packaging, inspection systems. Each piece of machinery or end-to-end system is designed with expertise and experience to provide food manufacturers with confidence to achieve production goals. Our brands consist of FastBack®, Spray Dynamics®, Flavorite, Ishida & Key Technology.

HEXAGON PRODUCT DEVELOPMENT PVT LTD

Hexagon is manufacturer of 3D Tumbler mixers - Alpheie mixers for mixing dry and free flowing powders. We manufacture such mixers in range from 2 Ltr hand operated to 3000 ltr and above with all kind of customisations. Hexagon is ISO 9001:2015 certified company and DSIR approved In house R & D Centre. We export to more than 45 countries worldwide. The most unique feature of Alpheie mixers is - they do not rotate. But they invert. So, the mixer movement is not a conventional rotary type where the centrifugal force is applied on powder.

HI TECH PAPERS (HI-Q SPECIALITY PAPER PVT LTD)

"Hi-Q Speciality Papers Pvt Ltd", a leading manufacturer of food grade papers, dedicated to providing superior quality food grade papers adapted to your specific requirements, we are in Surat, India. Our production capacity is ~3000 metric tonnes per month.

Our Key Products:

- ◆ Parchment Paper
- ◆ Bake Fresh Paper
- ◆ Grease Free Paper
- ◆ Release Liner"

HILDA AUTOMATION PVT.LTD

Hilda Automation main function is in the design and manufacture of innovative, state of art and versatile packaging machines for today's packaging requirements. The machines are constructed to the highest standards using quality Stainless Steel and Aluminum and are also available as per the customers need and the usage of the machine. This all helps us in supplying high quality, accuracy parts for long durability is our prime object. We have a strong reputation among major customers in India.

HINDUSTAN VIBROTECH PVT. LTD.

Designing and manufacturing of special purpose / customized vibratory equipment and systems. Provide processing solutions to the chemical, pharmaceutical, bulk drugs, cosmetic, food, mineral powder processing, mine products, pigments, herbal, and rubber industries of special purpose, where screening, gradation, separation, classification at different elevation.

HIS PUMPS & SYSTEM PRIVATE LIMITED

With advanced technologies and expert divisions, we provide tailored solutions to transform your operations. From vacuum pumps to dust collectors, our range ensures efficient performance. Supported by a dedicated team and state-of-the-art facilities, we offer end-to-end support and unmatched expertise.

HOSOKAWA MICRON INDIA PVT LTD

Hosokawa Micron India Pvt Ltd, 100% subsidiary of Hosokawa Alpine and Hosokawa Micron Group, offers the sales and after sales services for the product portfolio of the group since 2007. Whether coarse crushing, fine or ultrafine grinding, classification and compaction, Hosokawa Alpine offers tailored customer solutions for different applications. We offer standard grinding and Cryogenic systems for Spices, Herbs, tea and roots, Tobacco, Coffee, Special Flours, Sugar, Cocoa, Protein Shifting etc

HMX

HMX - a part of the A.T.E. Group - designs and manufactures energy efficient, environment-friendly cooling solutions for commercial and industrial applications. The low carbon technologies are suitable for several applications and for most geographical locations across the globe. These solutions based on HMX's proprietary Indirect Evaporative Cooling technology. These solutions now cool more than 20 million square feet of space in more than 10 countries.

HRS PROCESS SYSTEMS LIMITED

HRS Process Systems Ltd. India, is part of EIL-HRS International group of companies, a renowned name in the field of innovative and energy efficient heat transfer solutions for process industry. HRS group is globally recognized for providing turnkey solutions for food and beverage processing sectors.

HOMEMADE BAKER'S (INDIA) LIMITED

Your one-stop-shop for innovative packaging solutions! We specialize in manufacturing:- In-Mold Label (IML) container, IML labels, Ice cream cones & Ice cream cone sleeves. Our state-of-the-art facility boasts: In-house printing capabilities for high-quality label printing & In-house tool room for rapid mold development and production This enables us to Reduce lead times for faster order fulfillment, ensure precision & quality control, offer flexible and customized solutions.

ICE (ASIA) PVT. LTD.

ICE (Asia) Pvt. Ltd are the authorized representatives of several companies in India. We are turn key solution providers for Bulk Material handling, Processing & packaging for Food, Pharma & Neutraceutical industry.

HORIZON INTERNATIONAL

Horizon International was founded in 2003 by leading professionals in the field of engineering and international business. They leveraged their experience with various global organizations to set up Horizon International which now serves 50+ clients in the Fortune 500 segment in India and Asia. Horizon fulfils the needs of the manufacturing industry requiring innovative global sourcing solutions. We also provide innovative supply chain solutions for Vendor managed inventory (VMI) to various customers in Asia.

ICE MAKE REFRIGERATION LIMITED

Manufacturer of Cold Room, Solar Cold Room, Ice Cream Mix Plant, Bulk Milk Chiller, Ageing Vat, Ice Cream Hardener, Blast Freezer, Water Chilling Plant, Ice Building Tank, Refrigerated Container, Dry Insulated Container, Heat Pump Dryer, Vacuum Freeze Dryer, etc.

ICONMOV TECHNOLOGIES PVT LTD.

iConMov brings over 20 years of experience concerning Industrial Automation through the execution of numerous industrial projects including engineering, manufacturing, testing, erection, commissioning and life cycle services. With hundreds of delivered conveyors in the past and an intent to cater to the ever-demanding needs of industry for High Efficiency and Precise Positioning Material Transfer, the founders of iConMov decided to start a CONVEYOR ONLY COMPANY.

INDEXT-A (GOVT. OF GUJARAT) (C/O GUJARAT AGRO INDUSTRIES CORPORATION LIMITED)

To provide the right impetus to Agro & Food Processing sector in an institutional manner, Government of Gujarat has initiated the establishment of iNDEXT-a, an Agribusiness Extension Bureau. iNDEXT-a is a dedicated set up to foster investments in Agro and Food Processing sector in Gujarat. iNDEXT-a will primarily function as an interface between Government of Gujarat and investors who are seeking opportunities in agribusiness and post-harvest infrastructure development in Gujarat.

IK ENGINEERING

IK ENGINEERING is a company built on a strong commitment to excellence. As leading manufacturers and marketers of commercial kitchen equipment, we serve the needs of culinary professionals across the hospitality sector.

INDIFOSS ANALYTICAL PVT LTD.

IndiFOSS was seeded in 2013 as an associate of FOSS Denmark a world leader in providing dedicated analytical solutions for dairy industry. In 2016 we associated with Shenzhen Bioeasy Biotechnology Co Ltd PRC and in 2021 we associated with Generon SpA Italy

We help Indian food and dairy manufacturers to produce safer food and dairy products. Our globally approved technologies and rapid screening solutions provide reliable robust & trustworthy products to meet Indian and global safety regulations.

INDO-AIR COMPRESSORS PVT. LTD.

Indo-air Compressors Pvt Ltd, a leading manufacturer of high-quality reciprocating and rotary screw compressors. Established in 1999, we have garnered a strong reputation in the industry for our reliable and efficient compressor solutions.

- A. Rotary Screw Compressor: 7.5Hpto180Hp
- B. Reciprocating Compressor: 1Hpto30Hp
- C. Oil Free High Pressure Water-Cooled Compressor: 40Hpto215Hp
- D. Oil Free Medium Pressure Water-Cooled Compressor: 30Hpto215Hp
- E. Oil Free & Vacuum Pump 2To10 Hp

IMA PACKAGING TECHNOLOGY INDIA PVT LTD

Manufacturers of dosing, wrapping and Packaging machines for Cheese, butter, margarine and bullion cubes. IMA Group also produces Tea & Coffee processing and packaging technologies, forming, filling and sealing machines for pouches, cups, tubs, bottles, stick packs and sachets, for yoghurt, beverages and baby food as well as weighing and counting systems, vertical and horizontal flow wrappers, cartoning and end of the line solutions for bakery, confectionery, protein and any other industry

INCOMEC NV

Innovative compression popping technologies to make snacking healthier. Discover our Cerex processor for the production of puffed cakes, our Pellex C+ processor for the production of popped chips and our puffing gun for the production of puffed grains. Come visit us, taste enjoyable healthy snacks with surprising textures and talk about your next 'better for you' innovation.

INDOSCULP AUTOCOMP PRIVATE LIMITED

Indosculp specializes in the manufacturing of Industrial Reducer Gearboxes & Electric Induction Motors. Our commitment to excellence is reflected in the cutting-edge transmission solutions we provide for industries. With a focus on innovation and quality, Indosculp is your trusted partner for reliable and high-performance engineering transmission solutions.

INDUS CONTROL & AUTOMATION PVT LTD

We are a leading manufacturer of semi automatic and fully automatic 25 kg bagging systems, with robotic / gantry type palletiser, primary and secondary packing systems, case erector , end of line automation, weigh batching system complete tin filling line , bottle and jar filling lines , with pneumatic transfer system

INOXPA INDIA PRIVATE LIMITED

Founded in Banyoles, Spain, INOXPA is a renowned and long-standing business group specialised in the manufacture and sale of stainless steel fluid handling components and equipment, management of processes and services in the food-processing, cosmetic and pharmaceutical industries. Its commitment to innovation and continuous improvement has allowed INOXPA to enter the global market without compromising its product quality or customer relations.

INERTECH PROJECTS PVT LTD

Inertech Projects Pvt Ltd, an ISO 9001:2015 certified leader in project engineering and manufacturing, provides sustainable and reliable solutions worldwide. Renowned for their expertise in PSA nitrogen gas plants, oxygen gas plants, and compressed air dryers & air filters, they utilize advanced German technology for superior performance and low maintenance. As a turnkey supplier, they ensure uninterrupted supply of high-purity gases and dry air.

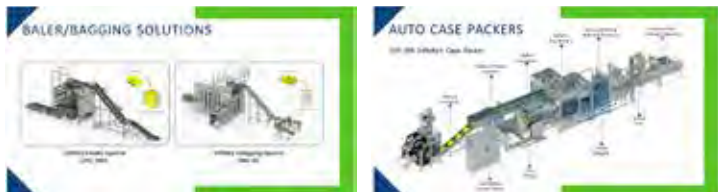

INSERT GMBH

Our passion is developing highly innovative and tailor-made technologies for the classification and sorting of products in the food processing industry. Our latest innovation, Chemical Imaging Technology, offers food processing quality assurance and process control of a previously unprecedented standard.

INFINITY AUTOMATED SOLUTIONS PRIVATE LIMITED

India's premier innovator in secondary packaging automation proudly presents a diverse range of end-of-line packaging solutions, including check weighers, cartoning machines, bagging machines, baler machines, shrink wrapping, and conveying solutions.

INTELLIGENT PROJECT SOLUTIONS

Intelligent Project Solutions are an engineering company offering specialized equipment from US & Europe. The major components like Rotary Valves, Diverter Valves and Product samplers are offered from TBMA, Netherlands. Process Equipment like Lump Breakers, Hammer Mills, Fine Grinders, Air Classifying Mills, Air Classifiers are offered from Prater Industries, Inc., USA.

INFINITY PUMPS & SYSTEMS PVT. LTD.

We provides the perfect combination of application expertise and immense experience to fulfill all your pumping needs. From the most specialized and challenging applications to the simplest ones, we provide successful pumping solutions for all. Our range extends from Internal Gear Pumps, Rotary Lobe Pumps, Twin Screw Pumps, Air Operated Diaphragm Pumps, Electrically Operated Diaphragm Pumps, Piston Pumps, Drum Pumps, Esentric Ball Pump and Triple Screw Pumps to Bin Evacuation Systems.

INTERPACK MACHINES PVT. LTD.

Interpack is established in the year 1998 as a research company developing new products & systems. Interpack currently specializes in machinery for food processing & packaging. Interpack has developed processing & packaging machinery for different industries, including spices, wheat flour, detergents, coffee, adhesives, pickles, ready-to-eat items etc. Interpack's effectiveness in today's market is due to its long-standing method based on three key concepts: Innovation, Service & Personalization

INTERPUMP HYDRAULICS INDIA PRIVATE LIMITED

Interpump Hydraulics India is an international company that operates in the hydraulic sector through numerous renowned Italian Group Companies. We are the market leader in development, production, and distribution of power take-offs (PTOs). We are also one of the main players in the world of hydraulic pumps, cylinders, Geared motors, Planetary Gear box and other hydraulic components for industrial vehicles.

INTERTECH TECHNOLOGIES PVT. LTD.

"Intertech Technologies Pvt. Ltd.: Leading Member of India Pharmaceutical Equipment Manufacturing Association. Offering Advanced Engineered Solutions for Pharma, Food, Cosmetics, Packaging, Chemical, and Allied Industries."

INTRALOX

Intralox is the global conveyance solutions leader, offering direct service for a broad range of industries in more than 100 countries. We specialize in innovative technologies, including Modular Plastic Conveyor Belting, ThermoDrive® technology, DirectDrive™ Spiral Systems and Activated Roller Belt™ (ARB™) equipment. Our products, combined with a powerful blend of engineering expertise, services and global support, are backed by the strongest written performance and delivery guarantees.

IPACK - INTERNATIONAL ASEPTIC PAPERBOARD MANUFACTURING LLC

ipack is the first privately owned producer of aseptic packaging material in the UAE. Our factory produces aseptic packaging for a range of products such as milk, juices, cheese, tomato paste, and others. We strive to provide aseptic packaging that meets the international standards to customers across the Globe. As a commitment to environmental responsibility and resource efficiency, we prioritize sustainability with a zero plastic waste approach. Our waste paper, ink, PE is recycled and reused.

ISHIDA INDIA PVT LTD

The world's leading snacks brands have long trusted us to provide reliable systems that combine speed, accuracy, and easy operation for an extremely efficient packaging solution. Only Ishida bagmakers provide advanced features, flexibility, and a low lifecycle cost specifically developed for the snack food packaging industry.

ISL TECHNOLOGIES PTE LTD

ISL Technologies manufactures IBC System as it is unique way of handling powder and granular materials for different processes such as storage, transport, screening, grinding, weighing, blending and feeding powders. IBCs can be constructed in mild steel, stainless steel or polyethylene in round or square shape, with various size options, which can be made stackable. ISL also manufactures its Discharge Station, Fill Head and Universal Big Bag Discharger which offer a complete solution.

J J ENTERPRISE

JJ Enterprise is among India's leading tin can manufacturers with 60 years of legacy. The company has among the largest setups with 4 units at 3 locations, making over 10 crore cans every year. It has 400+ global clients in all the major segments, like Nestle, Danone India, Amul, ITC, Delmonte, DS Group, Reckitt Benckiser, Haldiram's, Jubilant Consumer, Patanjali, Cavinkare, Apollo Pharmacy and others, which speaks volumes about the product portfolio, expertise and quality of the company.

JAW FENG MACHINERY CO., LTD.

Our Services include Logistics from Central Kitchen to Outlets, 3PL, Daily Store Deliveries across GT/ MT/E-Com /Q-Com, Intercity frozen movement.

JWALA TECHNO ENGINEERING PVT. LTD.

Jwala Techno Engineering Pvt. Ltd. is one of the leading manufacturers of fruits & vegetables processing machinery in India. We manufacture machinery for the following applications:

- Frozen fruits and vegetables processing - Green Peas, Corn, Mango cubes, Carrot etc.
- Fruit pulp processing - Mango, Guava, Papaya, Pineapple etc.
- Tomato Ketchup, Puree, Paste processing
- Dehydrated vegetables processing - Onion, Potato, Ginger etc.
- Jam processing
- Conveyors & Elevators for food plants

KAPS ENGINEERS

Manufacturer & Exporter's of Size Reduction Equipments & Customized Grinding Systems Since 1965. Catering to applications industries like Food-stuffs (Sugar, Salt, Spices, Pulses, Grains, Coconut, tea etc.), Pharma Bulk Drugs, Ayurveda Herbs & Roots, Chemicals, Dyes & Pigments etc. We provide solutions from pre-crushing to ultra fine grinding. We attached due importance to critical parameters such as to low power consumption and minimum running maintenance for the equipments.

KAILAS ENGINEERING SYSTEMS

Kailas Engineering Systems has been one of the leading companies in the field manufactures a wide range of food processing related equipment, including Fruits and vegetable processing, Beverages, Dairy products, Confectionery, instant and Instant Food serving processing equipment. The entire range we offer has been appreciated for characteristics such as quality, durability, efficiency and functionality.

Our organization also has expertise in providing customized turnkey solutions.

KAPSUN RESOURCES CORPORATION

AIR COOLER MANUFACTURER

KARL SCHNELL

KARL SCHNELL, Germany: Processed cheese m/cs (grinder, mixer, UHT cooker, blender, emulsifier), food / meat processing m/cs, convenience food m/cs. Users : Dairy Craft, Dabon, Parag, Flanders, Lactalis, Bongrain, Kraft, Unilever, Nestle, Hochland, Bel, Almarai, Nadec, Meadow, Emmi, Landfrisch, Rupp, Land O'Lakes, Normandise, Rambol, Comtoise, Al Noor, Pannotej, Goumidi, Doukkala. www.karlschnell.de

KANCHAN METALS PVT LTD

Kanchan Metals is a company dedicated to providing complete solutions to India's needs of food processing companies. We partner with renowned International food processing equipment manufacturers and provide the market with quality equipment and after-sales service of the highest standard. Kanchan Metals provide equipment for the food processing industry specializing in the fields of:

1. Snack Foods
2. Bakery
3. Meats & Frozen Foods
4. Instant Foods
5. Confectionery
6. Packaging & Hygiene

KATHA FOOD PHARMA SOLUTIONS

Katha Food Pharma Solutions has been a trusted partner for the Food, Dairy, and Pharmaceutical Industry in India since 2016. Our collaboration with top equipment manufacturers overseas allows us to provide turnkey plants and individual inline equipment for Retorted Food Production. Our state-of-the-art Retort Trial Facility offers services such as New Product Development, Retort Recipe Development, small scale production, training, and demonstration of retort processes.

KAUSTAV ENGINEERING

Kaustav Engineering is professionally engaged in research & development, manufacture and consultancy for the machines and equipment's to produce Noodles and Pasta. The Company had been established in 2014 by Mr. Manoj Kr Saha as new product research, development & innovation for domestic and overseas customers in the field of Noodles and Pasta manufacturing. The company offers standard & customized models of their machines and equipment to the customers.

KOTAK GLOBAL LOGISTICS PVT LTD.

We are one of the largest integrated logistics provider in India, Established (Year 1920) and operating over 100 years in this field and trusted by over 200 customers. We handle over 1,50,000 Cont (TEUs) annually Our services include: FCL/LCL, Reefer, Special Equipment's, ISO Tanks and Break Bulk and have over 3.2 million square feet of company owned warehouses and cold storages at 5 locations, With our own office in the USA, we also provide One - Stop True- Logistics Solution for USA & EUROPE.

KINEMACH ENGINEERING AND MACHINES PVT LTD

Kinemach is introducing its Mixing business Procer Mixing in Anuga for the first time with its outstanding high shear mixing solutions and Process skids

Kinemach

KP AUTOMATIONS

K.P Automations is counted among one of the India's fastest growing industries speciality in Food Processing and Packaging sector. Starting with a simple beginning in year 1998, Today KP Automations has also Marked its Presence in Various Sectors like Food Processing , R&D Solutions and Packaging, Engineering.

KIRON FOOD PROCESSING TECHNOLOGIES

Over the past decade, Kiron Food Processing Technologies (KFPT) has played a vital role in finding innovative solutions by representing and connecting the best food processing systems manufacturers from around the world to India's flourishing processed food Industry. Our involvements cover a wide variety of Snacks, Dairy products, Dried Fruits and Nuts, Fruits and Vegetables, Grains, Bakery and baked goods, candy, and other Product Categories such as Powders, Frozen, etc.

KR ENGINEERING WORKS

Manufacturer and exporter of various types of food processing machineries, since 1975.

KLASSIC KLAROL FILTERS PVT LTD

Klarol Frying Oil Cleaning Machine helps to keep oils and ghee clean while they are being used in Kadhai or Fryers, to make food products. Filtration of oils and ghee by Klarol helps to increase their life by almost 40 percent. Simultaneously the product quality improves (look smell and taste) and energy saved because of reduced frying time. Filtration of oils and ghee by Klarol is essential to protect oil from oxidising at a very fast rate. Filtration helps to control the rise of FFA and TPC value.

LECHLER INDIA PRIVATE LIMITED

As Europe's no.1 in spray technology, German Engineered, Made in India, Lechler delivers precisely dosed liquids with its extensive range of nozzles to the right place in the right form. With over 45,000 nozzle variants, we optimise various industries, processes and applications, from snow cannons to steelworks and cruise ships to industry and agriculture.

ENGINEERING
YOUR SPRAY SOLUTION

LITHOTECH ENGINEERS LLP

Solution Provider for Pulverizing, Sieving, Drying, Roasting, Conveying, Blending & Batching system since 30 years.

LITHOTECH FOOD & SPICE MACHINERY

Lithotech Food & Spice Machinery was established in 2013 as a leading Manufacturer and Exporter of state-of-the-art indigenously designed Spices Cleaning, Crushing, Drying, Grinding, Blending, Sieving, Roasting, Conveying & Bagging Systems. Our team of professionals assist the customers in designing individual need based customized plants as per their application, capacity, and infrastructure. To date, we have more than 500 successful installations to our credit.

LMI (INDIA) PVT LTD

LMI is – an ISO 9001:2015 TUV Nord Certified company is into Design, Development, Engineering & Manufacturing of quality products / systems / SPM Machines and providing pre & post sales support is successfully catering to a spectrum of industries, viz. Extrusion, FMCG, Pharma, Packaging, Automobile, Electrical & Electronics, Metal, Cable, Tube & Pipe, Food & Beverage, Printing, Warehousing & Logistics, Rubber & Tyre Industry, etc.

M/S PRASANNA PACKAGING MACHINERY PVT LTD.

PPMPL, with over 30 years of experience, is a specialist in manufacturing automatic & semi-automatic Filling and Sealing machines for the Dairy, Food, Cosmetic and Chemical industry. We also manufacture Multi- Head Filling Lines & Weigh metric Filling Stations for standard & flame-proof environment. An in-house team of skilled designers use advanced software to create 3-Dimensional models.

M/S. OLIVE ECOPAK PRIVATE LIMITED

Olive Ecopak Private Limited, the One-Stop Solution for Eco-Friendly disposable products marks in the Notational & international Eco-Friendly Sustainable Disposable Tableware and Food Packaging Products-Paper Cups, Paper Double Wall Cups, Paper Ripple Cups, Paper Ice-Cream Cups, Food Wrapping Paper, Strong Paper Plates & Bowls, Round Paper Containers, Rectangular Paper Container, Square Paper Containers, Donor Box, Round Paper Salad Bowl, Food Box, Straws, Paper Lids, PLA Lids & Plastic Lids.

MACHINFABRIK INDUSTRIES PVT.LTD.

Machinfabrik Industries Private Limited is a leading manufacturer of Sterilization & decontamination products & solutions for the Life Science, Hospital/Healthcare and Food Industries. Manufactured at our state-of-the-art facilities in both Navi Mumbai & Ambarnath, we work with manufacturers and end-users to solve various contamination related challenges in respective industries. With a pan-India sales force, a wide service network and leading engineering expertise, we are giving our customers

MADHU ENTERPRISES

Madhu Enterprises is a leading firm which is providing complete packaging & sealing solutions to bakery, food, beverage and bread industries. Our company is providing world class range of Novoseal Machine, Pouch Sealing Machine, Novoseal Bag Sealing Machine, Refills for Novoseal Machine providing Tamper Evident Packaging Solutions to bread & bakery industries in India.

MAHARSHI UDYOG

Maharshi Group, pioneers of Sticker Labelling Technology in India, established 45 years ago, operates in over 45 countries with 10,000+ happy clients. We offer a one-stop solution for all packaging needs: Filling, Sealing, Labelling, and Packaging Material. Our product profile includes Sticker Labelling Machines, Shrink Sleeve Applicators, Liquid Filling Lines, Cartonators, Flow Wrap Machines, Collating Bundling & Shrink Wrapping, and Packaging Material (Labels & Flexible).

MAHISA PACKAGING SYSTEMS LLP

Mahisa is a leading manufacturer of industrial hot-melt adhesive dispensing equipment and packaging automation solutions. Known for our innovative solutions, we focus on enhancing packaging efficiency and product finish. Our versatile machines cater to various packaging needs, offering options for upgrades and customizations, ensuring reliability and customer satisfaction.

MARATHON HEATER (INDIA) PVT LTD

Marathon Heaters India was started in the year 2006 as a JV with Marathon Heater, global leader in manufacturing and supply of electric heating solutions for all Industrial and process applications. MARATHON HEATER (INDIA) PVT. LTD Equipped with modern infrastructure, innovative technologies and a dedicated team of qualified Engineers, we have evolved over the past years to become one of the most trustworthy manufacturers of Industrial heating solutions.

MAMATA MACHINERY LIMITED

Next GENERATION ALL SERVO VFFS, HFFS & PFS & Multilane MACHINES!! Mamata Machinery is a global leader known for its bag-making & Pouch making Machines.

We have a presence in over 75+ countries with more than 4500+ successful installations. Mamata established a highly specialized design team in Florida USA in 2013. This Team was responsible for designing the Best technology machines to cater to the high-hygiene processed food industry. Machines are designed to run even recyclable films.

MARTIN LEVELLING COMPONENTS

Martin S.p.a. is a leading manufacturer and global supplier for leveling components and standard elements. The offer is one of the broadest available in the entire international market. We like thinking of ourselves as a 360° company, with products suitable for all industry.

What we offer is a wide range of standard levelers that goes from light, medium, heavy duty and antivibrations, to hygienic & sanitary models. We also offer an interesting variety of door accessories exclusively in stainless

MANGHARAM CHOCOLATE SOLUTIONS

MANGHARAM is a household name in India and has been associated with Quality Foods since 1918. MANGHARAM CHOCOLATE SOLUTIONS is India's first Total Chocolate Solutions company. Mr. R. B. Mangharam has been in the field of chocolate since 1992 and we bring this rich experience to our customers by supplying them with the finest Chocolate Projects, Chocolate Machines, Chocolate Moulds, Food Colours, etc. to make a wide range of Chocolates. We ship all over India and abroad.

MAYAANS CHOCOTECH PVT LTD

We are a renowned expert in designing, crafting, manufacturing, and improvement of chocolate machinery that meet specific requirements of clients.

MECHCON INDUSTRIAL SOLUTIONS PVT LTD

MECHCON, a Multi-product engineering Company, specialist in Bulk Solids Handling and AQCS activity. We possess state of the art manufacturing infrastructure backed up with latest design & development software. Our facilities comprise modern equipment, machineries required for process equipment manufacturing, including overhead handling and, back- up power facilities besides, Strong Vendor Base and excellent Supply Chain Management catering the industrial sectors belongs to Food, Pharma & Chemical

MEDOC, SA

MEDOC S.A. IS AN EUROPEAN LEADING COMPANY WITH MORE THAN 40 YEARS EXPERIENCE MANUFACTURING MACHINERY FOR THE MEAT, FISH, AND FOOD INDUSTRIES. The company is renowned worldwide for its cold and fresh meat slicers, bandsaws for meat, bones, and frozen products, with a wide range of machines to optimise the professional cut.

We manufacture a wide range of bandsaw models with pulleys from Ø 200 up to 450 mm. We also manufacture mixer grinders, slicers and mincers.

MERITT TRANSMISSIONS

We manufacture wide range of conveyor, roller and elevator chain with K-1/K-2 attachment; extended pin type, hollow bearing pin, flange roller, etc. We supply our chains to reputed OEM's and conveyor manufacturers. We also manufacture all types of Sprockets for Roller and Conveyor Chains and are also available in ready stock. We are exclusive distributor of "Magris - Italy" for their complete range of SS and Thermoplastic Slat Chains, "Tecom - Italy" for Conveyor Components, "Dugomrulli - Italy"

MEHTA FLEX LLP

We would like to introduce ourselves as one of the leading manufacturers of packaging material in the Country, having 2 manufacturing units based at Daman (U.T.) with a manufacturing capacity of 3000M. T's. per month. We cater to clients all over the country and have exports to clients. We have in our factory all German machines for manufacturing of base film as well as highly advanced Flexographic printing machines which are the latest generation machines, which produce higher quality print out

METAL FAB ENGINEERS

Fuego based in surat Gujarat is the leading thermal based equipment manufacturing company with over 53 years expertise. Fuego specializes in production of innovative freeze drying machines which promises highest efficiencies and lowest energy consumption costs.

METTLER TOLEDO

METTLER TOLEDO is a leading global manufacturer of precision instruments & is the world's largest manufacturer & marketer of weighing instruments for use in laboratory & industrial applications. It holds top 3 market positions for several related analytical instruments & is a leading provider of automated chemistry systems used in drug & chemical compound discovery & development. Also, it is the world's largest manufacturer & marketer of metal detection systems used in production & packaging.

MENON TECHNICAL SERVICES PVT LTD

MTSFOODS. delivers comprehensive solutions for food processing through exclusive alliances with global stalwarts in equipment, process, and technology and provide the Integrated solutions to further increase the Efficacy of the industry. These include VANMARK- provides Abrasive Peeling and Hydrocutting Solutions.

FAM -provides cutting and slicing solutions.

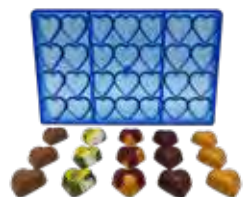

TOMRA - Provides sorting & steam peeling solutions and several class

leading technology and solution providers from around the world.

MFS CHOCOLATE MOULDS

Specialized in producing chocolate moulds, "MFS Chocolate Moulds" is the most experienced company of its field in Turkey. Our current experience in chocolate moulding has a long history. With our ever-growing experience in chocolate business, we provide service under the name of "MFS Chocolate Moulds" now in the field of drawing, designing, portable developing and moulding. The production of all our moulds is carried out by our company.

MERIT ENGINEERING WORKS

We have been an established and popular company with an excellent track record for the best customer satisfaction since 1975. Manufacturer of Roller chain, Conveyor chain, Attachment chain, Pin Oven Chain, Packaging Machine Chains, Bucket Elevator Chain, Special Purpose Chain and Sprockets

**M-I ENTERPRISES INDIA PVT. LTD.
DIV. SWECO INDIA**

SWECO is the world leader in particle separation and size reduction solutions offering a full line of separation and grinding equipment as well as screen innovations prescribed for all markets. Navigate this site by choosing the equipment that best suits your needs or the industry in which you participate to see which equipment is recommended for your screening or grinding application.

MILKMAN MAKINE SAN. TIC. LTD. STI.

As MILKMAN MAKINE, we produce batch pasteurizers, plated pasteurizers, homogenizers, milk cooling, storage tanks, cheese process tanks, and the other machinery and equipment which are used in the dairy sector to make dairy products. Although we define ourselves as a project company because we establish complete dairy plants as turnkey basis. We have been working in this sector since 1981 and we have established hundreds of dairy plants in 106 countries all over the world.

MIDORI SOLUTIONS PRIVATE LIMITED

Midori Solutions Private Limited is an organization engaged in the Design, Engineering & Supply of food inspection machines, Automation, and customized software for the Food, Beverage, and Pharma industries. "Midori Solutions Private Limited" founded in 2017. We represent advanced Food X-ray Inspection Systems from Mekitec Oy - Finland, Apart from this we offer Checkweigher, Boxweighers, Metal detectors, Conveyor systems, Customized Datalogging software, Industrial Printers, Barcode scanners.

MILTON INSTRUMENTS

MILTON INSTRUMENTS is ISO Certified Manufacturer and Exporter of Electronic Analytical & Precision Weighing Balances, Industrial Weighing Scales- Tabletop, Platform & Crane type, Weighing & Printing Indicators, Moisture Analysers, Specific Gravity/ Density Meters; Data Evaluating Printers with Real Time Clock & Password Protection, Calibration & Technical Services, SCADA & Softwares for Daily Calibration, Data Processing, Statistical Evaluation with 21 CFR controls.

MIDWEST FOOD TECHNOLOGY

Midwest Food Technology, A leading manufacturer of Spiral Freezers since 2014. At Midwest Food Technology, we take pride in our commitment to delivering high-quality freezing solutions that cater to the diverse needs of our valued customers. With over a decade of experience in the industry, we have built a strong reputation for excellence and reliability. Our Spiral Freezers are designed to meet the highest standards of performance, efficiency, and hygiene,

MINEBEA INTEC INDIA PVT. LTD.

Minebea Intec is a leading manufacturer of industrial weighing and inspection solutions. Our goal is to enhance our customers' manufacturing operations through high-quality products and services that prioritize safety. With 150 years of experience and a strong global presence, we ensure top-quality products are always available.

MIRANDA AUTOMATION PVT. LTD.

Miranda Automation specializes in ingredient handling systems, offering comprehensive expertise in designing, installing, and optimizing solutions for various industries. Specializing in the precise management of ingredients throughout the production process, Miranda Automation's systems ensure accuracy, efficiency, and safety. Whether it's handling powders, liquids, or bulk materials, their solutions are tailored to meet the unique requirements of each client, maximizing productivity.

MIREK THERMOFORMERS PRIVATE LIMITED

We produce Plastic packaging material for Foo and industrial service. We are in MAP packaging.

Mirek Thermoformers is a BRC certified company, with its operations spread over 25,000 sq.ft at Bhiwandi, Maharashtra. Through continuous investments in newer technology, we are one of India's leading thermoformers, having a production capacity of over 5,000 metric tonnes per annum

MOSCA INDIA PACKAGING PVT LTD

Mosca is a world leader in strapping equipment, consumables with headquarters in Germany. Mosca India Packaging is 100% subsidiary of Asia head office in Singapore. Mosca India have offices in New Delhi, Bangalore and a managed warehouse in Chennai. Premium quality polypropylene strapping rolls are imported from our Mosca Malaysia facility.

We also have wrapping equipment from Movitec under our product portfolio. We ensure prompt and professional after sales support from North, West and South.

MITSUBISHI ELECTRIC INDIA PRIVATE LIMITED

Factory Automation and Industrial Division (FAID) brings higher productivity to the factory-floor by offering a vast range of solutions for all major industries. Key solutions like "e-F@ctory" enable smart manufacturing, along with leading technologies like "ICONICS" - Smart Visualization software, "MELSOFT GEMINI" 3D manufacturing simulator, "MAISART" - AI Solutions, Edge Computing etc. Automation on shopfloor is further realized by our reliable and efficient FA products

MSP PACKAGING SOLUTIONS

MSP Packaging Solutions is a global leader in advanced automation for processing and packaging. Since 2000, we've delivered cutting-edge technology for businesses of all sizes, enhancing efficiency and productivity. Our products include high-speed packaging machines, flexible solutions, Technology-driven sorting systems, and collaborative and industrial robots. We prioritize quality, customer satisfaction, and sustainability, offering tailored solutions and comprehensive support.

MLT PACK SERVICES

Our company MLT Pack Services started in 2003 by our Director Mr.Narayan Kshirsagar and Mr. Sandeep Jarkad. Both Partners are having more than 25 years of Experience in Manufacturing Packaging Machines.

We are manufacturer & suppliers of Packaging Machines for all types of Biscuits, Cookies, Cream Biscuits, Rusk/ Toast, Cupcake, Slice Cake, Noodles, Chocolate bar, Peanut bar, Wafer biscuits, Energy Bar (Protein Bar), Detergent soap, Bath soap, and any other similar product having uniform shape.

MULTISPAN CONTROL INSTRUMENTS PVT LTD

Since 1986 we are manufacturer of

- ◆ Temperature Controller
- ◆ Process Controller
- ◆ Power & Energy Meter
- ◆ Protection Relay
- ◆ Liot Solution
- ◆ Timer & Counter

MONGA STRAYFIELD PVT. LTD.

Monga Strayfield Pvt. Ltd. is a leading manufacturer of Radio Frequency (RF) heating and drying equipment for Industrial Food Processing. With a steadfast commitment to excellence, we are dedicated to providing the best quality and most efficient machinery in the industry. Our mission encompasses key principles such as productivity, sustainability, cutting-edge technology, collaboration, and problem-solving.

MUNTERS INDIA HUMIDITY CONTROL PVT. LTD

Munters is a global leader in climate solutions for mission-critical processes. We offer innovative, efficient, and sustainable solutions for customers in industries where controlling temperature and humidity is mission critical.

NAIK OVEN MANUFACTURING COMPANY

Founded in 1999, NAIK OVEN MFG CO. is a leading bakery machinery mfg co. Our plant is based in Thane, Maharashtra.

MACHINES WE OFFER- Rotary rack oven, Spiral dough kneader, Planetary mixer, Bread/Toast slicer and we also provide imported Deck oven, Dough sheeter other bakery machineries. **OUR VISION-** Our vision is to empower bakery business by providing them high quality, reliable and long lasting machines that enhance's operational efficiency and user friendly experience.

NEOLOGIC ENGINEERS PRIVATE LIMITED

Neologic Engineers was established in the year 2007 with a vision to provide the latest Process Solutions and Automation to the Food, Dairy, Fruits & Vegetables, Beverages, Pharma, Cosmetics, and Allied Industries. Our focus is on providing Quality and Energy-Saving solutions. For more than 75 years, customers have relied on nVent HOFFMAN to deliver the industry's most comprehensive portfolio. Paired with panel shop automation solutions, our high-quality NEMA and IEC enclosure and cooling offerings are suitable for vast range of verticals and applications. Whether it is Commercial Construction, Data Networking Solutions, Industrial Automation, Energy or Critical Infrastructure, our local sales and product specialists are here for you to ensure your critical controls.

OCTOFROST

OctoFrost is a globally recognised manufacturer and supplier of food processing equipment focused on thermal treatment of a variety of IQF products. OctoFrost machines are designed to achieve a natural appearance of the products, food safety, high yield, and energy efficiency. With a global coverage of sales and customer service, the company is committed to a world with better food quality and reduced food waste by improving solutions for freshly frozen food.

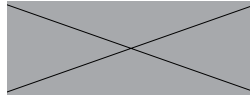

OMTECH FOOD ENGG.

Omtch Food Engineering was established in the year 2007, with a purpose to manufacture and supply Food Conveyor Belt. Our offered product range are highly welcomed and accepted in the market for its best features. Usinly only certified raw material in our production process and delivering detect free products is our motto.

OLIVE TRADING CO. LTD.

UV Inkjet Printer is for variable data high speed UUV printing system. Easy installation, online printing. Protect the environment. Suitable for environments. Inkjet printing content rich and colorful. Wide range of material and rich content.

OPTYTECH ENGINEERS

Established in 1998, Optytech Engineers has carved a niche in the Food processing equipment industry by delivering unmatched world-class products. We specialize in the Drying process for various food products & Vegetables. Our product portfolio consists of the Vegetable Dehydration plant and process machines, Makka poha/Cornflakes production lines, Extruded Snacks & pellets 2D/3D production lines, Short Cut Pasta Production lines, Murmura/Mamra production line equip, Material handling sys etc.

OMIDI INDUSTRIAL MACHINERY

Designer and manufacturer of food processing machinery such as Center-filled Cookies, Layer & Swiss Roll, Cupcake, Choco Pie, Soft & Hard Biscuits, and Chocolate enrober.

ORACLE POLYPLAST

Oracle Group - One Stop Solution for Plastic Food Packaging Products. Nation's Leader & Global Player. Oracle Group are Manufactures & Exporters of Plastic food packaging products. We have a very strong business network supported by around 300 channel partners across all the major cities of the country. Our products have been well accepted by domestic as well as overseas customers.

OMKAR ELECTROMECH PVT. LTD

Omkar Electromech Pvt.Ltd. (OEPL) is innovative and technologically advance organization. We are getting in terms of design, development, machinery, Testing and trial with well-equipped set up. Our equipment designs are based on customer requirements w.r.t. product.

ORIGAMI MACHINES PVT LTD

Origami Machines Pvt Ltd. Is a fast-growing solution provider company in the fields Food industries, FMCG, Cosmetics and Pharma Industries. The company is equipped to take own design and manufacturing. The company is committed to meet the new customer requirement along with total satisfaction since 1999. We aim to offer our valued customers high-quality solutions at affordable rates. our vision is to earn a global name in the Manufacturing through our innovative and Modern product designed.

PACE PACKAGING MACHINES PVT LTD

Pace Packaging Machines is an organization dedicated to manufacture high quality Vertical Form Fill Seal Machine (VFFS) of International standards.

With more than 3500+ Installations in India & Abroad in 32+ Countries & with high rate of repeat orders, PACE is one of the leading supplier of Machines in Snack Industry. PACE has ISO 9001-2008 quality certification and all PACE machines are CE certified.

PAKONA ENGINEERS (INDIA) PVT LTD

Pakona is having 40 years experience in manufacturing of different types of packing machine like vertical form fill seal machines, horizontal form fill seal machines, car toner, container filling lines, multi track machine to pack products like powder, snacks, liquids in pillow pouches, stand up pouches, stand up pouch with top spout or corner spout, three side seal pouches / four side seal pouches.

PACK LEADER

Pack Leader was established in October 1992 as a bottling equipment manufacturer in Taiwan. With many years of packaging machinery experience, Pack Leader manufacturers higher quality filling, capping, sealing, and labeling systems.

PACK PRINT INDUSTRIES (INDIA) PVT LTD

At Pack Print Industries, we have been dedicated to excellence in flexible packaging since 1990. Located in India, we provide high-quality Flexible Packaging Materials and Flexible Laminates to a wide range of domestic and international customers, combining innovation with superior service

PARAS ENGINEERING

We are the largest exporter & exporting our machines to more than 90 countries.

PARASON MACHINERY INDIA PVT LTD

Parason Machinery is a premier global manufacturer and supplier of pulp and paper-making machinery, serving Kraft, Tissue, Writing, and Hard Board paper mills. Established by Dr. Champalaji Desarda, a metallurgist with a doctorate from BRNO University, the company upholds core values such as customer satisfaction, high achievement, stakeholder respect, analytical thinking, safety, ownership, and national pride.

PACKMECH ENGINEERS

Packmech Engineers, established in 1995, has built a robust reputation in the manufacturing sector with its flagship brand, POWERVAC. Specializing in a wide array of packaging machinery, the company is renowned for its vacuum packing machines, MAP (modified atmosphere packing) machines, vacuum thermoforming machines, and tray/cup/glass sealing machines.

PAREKH INTERNATIONAL TRADING CORPORATION

Parekh International Trading Corporation is a unique, comprehensive service provider committed to deliver bespoke dairy process solutions in India. With a view to provide our clients with the highest quality products at most affordable pricing, we have tied up with several reputed International Organizations involved in Dairy and Food Processing equipment, Filling and Packing lines and allied machineries.

PARKSONS PACKAGING LTD

We are a fiber-based packaging solution provider, servicing leading brands in global market. Parksons is one of India's leading packaging solutions provider. We work with brand leaders across industries such as Fast-Moving Consumer Goods, Food & Beverages, Pharmaceutical, Electronic, Retail, Apparels and other white good industries.

Headquartered in Mumbai, Parksons has 13 strategically located plants and sales offices across the country making us one of the only packaging partners with nationwide reach.

PACTECH SOLUTION LLP

Pactech is a premier marketing organization in India engaged in providing packaging solutions to Pharma, FMCG, Cosmetics and allied sectors.

PIGO srl is specialized in manufactures : IQF: Perfect fluidised bed, the most suitable for IQF freezing of variety of fruits, vegetables, numerous sea, meat & cheese products which can be fluidized. Spiral Freezer : Offers advantages to the users in terms of energy efficiency, hygienic conditions, most suitable solution for freezing bulky products. Freeze Dryers: most suitable solution to dehydrate frozen food at low temperature preserving texture, flavour, nutritional & organoleptic properties

PLUS ADVANCED TECHNOLOGIES LTD

Established in 1994, Pluss Advanced Technologies Ltd embarked on its journey by delving into the realm of polymers through research and development. In 2007, the company pivoted towards groundbreaking advancements in Phase Change Materials (PCMs) technology. By 2012, Pluss secured equity funds from Tata Capital Innovations Funds, propelling the expansion of its research and development endeavors. The company not only developed but also successfully commercialized innovative temperature.

PNEUCON SOLIDS AUTOMATION LLP

We are India's leading manufacturing company in Pneumatic Conveying Automation serving more than 4500 customers since 1996. We manufacture European pneumatic conveying solutions in India with our European Joint venture partners. We manufacture Complete Material Handling solutions for free-flow, sticky, fluffy, Non-flowing Powder, Granules & Liquids. With India's Most sophisticated manufacturing facility for material handling systems. We are here to give you the best of our Technology.

POWER BUILD PRIVATE LIMITED

Manufacturer and Exporter of Helical and Worm Geared Motors, Roloid Gear Pumps and Shaft Mounted Speed Reducers.

PRAGATI MACHINERY AND ENGINEERING PRIVATE LIMITED

For about 25 years we have been manufacturing dierolls, rings, pellets, cutters and complete lines for biscuit, bakery and snacks industry.

PRECIA MOLEN INDIA PVT LTD

Precia Molen India Pvt. Ltd is an industrial weighing solution provider. The uniqueness of the weighing sector is that weightment is used in almost all industrial sectors. The company is one of the few weighing companies to offer complete weighing solutions for all industrial sectors such as Food, FMCG, Pharmaceutical, vaccine manufacturing, Chemical, Inks & Paints, Minerals & metals, Cement, distillery, power plant, etc.

PRISMTECH PACKAGING SOLUTIONS PVT. LTD.

Prismtech Packaging Solutions Pvt. Ltd is a leader in Manufacturing of Packaging Equipments, providing high-quality Packaging Equipments to customers across the globe. Established in 2002, our company has grown rapidly to become one of the most reputable, trusted, and reliable businesses in the industry. We specialize in providing Complete Solutions in Primary, Packaging, Labelling, & End of the Line Equipment that meet the highest industry standards. Our focus on customer satisfaction.

PRITUL MACHINES

Pritul Machines, India's leading manufacturer of all types of Industrial bakery machines and automation bakery line started its journey in 1986 with spread in 17000 square meter area and having most sophisticated and high definition global technologies from Germany, US and UK. Our Products: All type bakery Industrial oven, Spiral Mixer, Planetary Mixer, Dough makeup line and High speed Slicer etc.

PROCHEM TURNKEY PROJECTS PRIVATE LIMITED

ProChem is your one-stop solution for powder handling, providing unloading, conveying, mixing, and packaging for bulk materials. Our innovation, safety, and service bring added value and success. We understand your challenges first, then offer the optimal solution with our powder handling machines. With expertise in manufacturing and the process industry, we deliver integrated solutions. Our in-house operations, from design to final testing, follow strict international quality standards.

PROXES ASIA PACIFIC PTE LTD

LEADING PROCESS TECHNOLOGIES FOR INDUSTRY AND PRODUCTION

ProXES successfully unites three leading process technology brands under one roof: FrymaKoruma, Stephan and Terlet. Together, ProXES combines innovative and long-standing expert knowledge as a manufacturer of machines, plants as well as process lines and solutions in the food, pharmaceutical, cosmetics and advanced materials industries.

ProXES

PUSH & DOSE

Push & Dose is a smart, convenient, and accurate sprinkling system to be integrated into a flexible pouch. Designed for precision, it effortlessly let you sprinkle all powders and granular products. Push & dose is easy to use and ensures a mess-free dispensing experience. Opting for a Push & Dose pouch is a cost effective and sustainable alternative to traditional shakers. Upgrade your sprinkling needs with Push & Dose and be inspired. Patented worldwide by Fimtech.

PROXY IDEAS PRIVATE LIMITED

Proxy Ideas Pvt Ltd is an India-based company known for its innovative solution & turnkey projects in food processing. Founded in 2016, the team comprises of professional with diverse background having a combined experience of 200yrs. PIPL is ISO&CE certified with office in Delhi & Gurgaon 16000 sqft of workshop in Delhi of late PIPL has successfully executed food project in Zambia & Hyderabad. PIPL has executed specialized Therapeutic & Supplement Food Project RUTF/RUSF in India Bangladesh Ethiopia & South Africa

PROXY IDEAS

QCIFY

Quality control and optical sorting solutions for the food industry, empowered by advanced deep learning, data consolidation, and optimized industrial design.

QCIFY

PULSOTRONIC INDIA TECHNOLOGY LLP

Pulsotronic-Anlagentechnik develops, produces and markets metal detectors, separators, check weighers and specialized systems for more than 40 years now. Our systems are characterized by their high reliability and easy operation. A team of engineers works constantly to improve our products and customized solutions. All our products and specialized systems are completely developed and manufactured at our site in Niederdorf, Germany. Our Metal Detectors are FDA, BRC, HACCP, IFS compliant.

PURITY FLEXPACK LIMITED

Purity Flexpack Limited is BRCGS-(GPS), ISO22000:2018-(FSMS) & ISO9001:2015-(GMP), Certified Reg. MSME Company (UDHYAM-GJ-17-000114 & CIN-L25200GJ1988PLC010514) Based at Halol, Near Vadodara in Gujarat, Western India. During the 35 Years of enriched experience of manufacturing multilayered, specialty flexible packaging to serve misc. sectors (Food, Pharma & Others) We have established our philosophy to produce premium quality products in least amount of time at a good price performance ratio

RAGHUVVEER ENTERPRISE

With years of Experience in Industry Services Established in the year 2022, we, Raghuvveer enterprise, are among the most respectable organizations, engaged in manufacturing a comprehensive range of Pouch Packaging Machines, Stacker Conveyor Machine, Batch Coding Machines and Winding Rewinding Machine. All our products are designed and developed by international quality norms & standards, using high-grade raw materials and the latest technology.

RAHUL FERROMET & ENGINEERING PRIVATE LIMITED

Rensa Tubes a leading player in the stainless-steel pipes and tubes manufacturing industry with a rich legacy of over 18 years. Our dedication to quality, innovation, and sustainability has made us a trusted partner for clients worldwide. We believe in responsible manufacturing. Our commitment to environmental stewardship is evident through our zero-discharge unit and the sourcing of raw materials as per ASME BPE standards, specifically 1.4404 (316L).

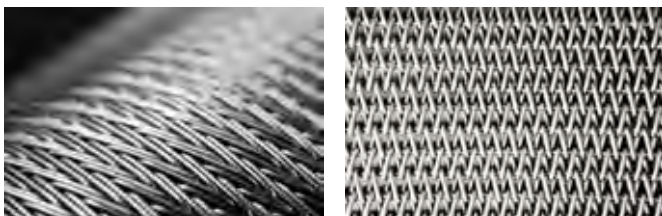

RAJ ELECTRICALS

We manufacture Heavy-duty Shredder and Grinder Machines that shred/grind waste of Paper, Cardboard, Laminates, Cellulose, Food Items, Electronics, FRP, Metal Swarf, Pharma, Hospital, Automobile. Our Plastic Shredders and Grinders shred, and grind all plastic waste including Hdpe-Ldpe, Bottles, Pet Bottles, Plastic Lumps, Plastic Furniture, Crates, Drums, Buckets, etc. Raj Electricals is popular for customizing shredder and grinder machines.

RAJ MESH BELT CO

Leading Manufacturers and Exporters of Wire Mesh Conveyors Belts

RAJDEEP ENGINEERING SYSTEMS PUNE PVT LTD

We are specialized in Turnkey project management and executed numerous projects in various sectors. RAJDEEP has been venturing into Industrial Air pollution control System, Pneumatic Conveying Systems, Grain Handling Systems, Weighing Batching System, Material Handling System & equipment's & making utmost efforts to make the best deal available to its clients. We have never compromised on the quality and the services provided to the customer.

RAJSHREE POLYPACK LIMITED

Manufacturers of Rigid & Semi-rigid packaging material catering to Dairy, Ice-cream Industry, Fruit Juices & Beverages Industry, Chocolate & Confectioneries Industry, Ethnic Sweets Industry, Processed Food Industry, Restaurants & Catering Industry, Frozen & Sea Food Industry, Injection Molded Containers with IML, Bakery Industry, Lidding Laminates, Bottom Laminates for Linear FFS M/c, etc.

RAS BIO FOODPACK

We are manufacturers of sustainable food packaging products. Our paper cups are plastic-free, compostable, and can be mixed with regular paper waste. Sip Responsibly.

RATHI ENGINEERING SOLUTIONS PVT LTD

At Rathi Engineering Solutions, Best Project Engineering Company, we design and manufacture Size Reduction Systems and Powder Processing Solutions for the Food & Spices, Pharmaceutical, Pigment, Pesticide, Cosmetic, Plastic & other Speciality Chemical Industries.

From concept to commissioning, we combine our collective experience of 40+ years in Grinding Technologies to provide the best, value oriented and fully customised Grinding Solution for over 50 different applications. We continue to work with the leading powder processing technologists, to provide improved and forward-looking solutions to our customers Grinding Needs.

RATNA MACHINE TOOLS

Established in 2015 and based in Bhavnagar, Gujarat (India), PROCUT Food Machinery can supply an extensive and varies selection of commercial and industrial food processing equipment. Our expertise is in designing fully automatic potato French Fries production line, Vegetable processing plant, Automatic potato chips line etc. We are know for our high speed potato French Fries Cutter, Vegetable Dicer and Multi-Functional Vegetable Cutting Machine.

REMA ENGINEERS

Rema Engineers is the largest Manufacturer and Exporter of VACUUM Tray Sealing Machines & Vacuum packing machines in India. The company has a huge experience in the industry and also provides satisfaction services for many other applications. The company has 20+ years of experience in the same industry. The company delights itself on the deep knowledge of its applications, in which its tools are used, and custom design makes it possible to provide the best possible solution for all the products

RHEON AUTOMATIC MACHINERY CO., LTD.

Our machines have been developed with Rheon's distinctive technologies on the basis of applied rheological engineering. We provide a wide range of production systems for various products: Mithai, Filled Cookie, Stuffed Paratha, Momos and bread, . Our superiority has been proven by a numerous number of our customers all over the world; Rheon's technologies are now contributing to a variety of productions in 129 countries.

RIDDHI ENTERPRISE

Food grade stainless steel bearings, power transmission chains, coupling, sprocket plastic bearing technology- corrosion resistance bearings, High temperature food grade bearings plastic cable carriers, -plain bearings, maintenance free, corrosion resistant bearings (polymer -tech solutions) small conveyor chains, lube free and corrosion resistance

RIECO INDUSTRIES LIMITED

Established in 1975, Rieco Industries has been at the forefront of project engineering and manufacturing in India for 48+ strong years! We specialize in delivering innovative, sustainable solutions in powder and bulk solids processing & handling. With 6000+ installations in 40+ countries, we provide comprehensive solutions designed to streamline the process, increase efficiency, and ensure the integrity of the materials throughout the pneumatic conveying, grinding & air pollution control process.

ROOP ULTRASONIX LTD

Roop Ultrasonix Ltd is a leader in design, development, manufacture and marketing of a wide range of ultrasonic machines for ultrasonic welding, ultrasonic cleaning, ultrasonic sieving, ultrasonic non-destructive testing, ultrasonic sonochemistry, ultrasonic Fabric cut and seal, and specialized applications. The company has established itself as a high-tech firm, specializing in production, research and developments in the area of ultrasonic.

ROSS BOILERS

For over 30 years we have been manufacturing high-quality heating equipment. Our aim is to supply well-engineered products & systems to cater to the specific needs of our clients. Customer satisfaction is of utmost importance & forms the foundation of our business policy. We have an excellent reputation for the quality of our product range & after-sales service.

SAATTVIC ECOCARE PRODUCTS LLP

ROVEMA INDIA PRIVATE LIMITED

Rovema India a respected name in providing innovative & cost-effective solutions in various sectors like FMCG, Dairy, Chemicals, personal care, Pharma & snacks. Fully automated Vertical Form Fill Seal machinery Germany technology produced in India to give you unique value proposition. We specialize in a wide range of dosing systems which makes us application expert. Focusing on the rapidly expanding Asian and African market, Rovema India has an installed base of more

SACMI PACKAGING & CHOCOLATE SPA

SACMI Packaging & Chocolate can boast, through its historic brands Carle&Montanari and OPM, over 115 years of experience in the chocolate production and packaging industry.

SACMI is, today, the only company in the world able to offer, through its solidly established brands, machines and complete lines for the preparation and moulding of chocolate, wrapping of all types of cocoa and candy products, flow-packaging and secondary packaging solutions for food and non food products.

RUSSELL FINEX SIEVES & FILTERS PVT LTD

Established in 1934, Russell Finex lead the world in fine mesh separation technology. We are a customer centric, solution based company. We design and manufacture market-leading vibratory sieves, separators, ultrasonic mesh deblinding systems and liquid filters. We do this for virtually every industry around the world.

SAIDEEP VIBRATORS PRIVATE LIMITED

For over five glorious decades Saideep Vibrators Private Limited has been a leading manufacturer of Vibratory Equipment's & Magnetic Separators. Since its inception in 1971, it has carved a niche in manufacturing high quality & robust products at economical pricing that have been successful in serving various industries across the globe. Our top products such as Vibrator Motors, Pneumatic Vibrators, Bin Activators, Vibrating Screens, Vibrating Feeders, Magnetic Drawers & Rolls etc.

S.M. FOOD ENGINEERING PRIVATE LIMITED

SM Food Engineering Pvt Ltd is committed to cater the demand of the growing snacks food processing market globally. SMFEPL is founded by the sharpest brains and conglomerate of the Indian Food Industry. Our company is managed by a team of young dedicated engineers having a combined experience of more than 60years in the snacks food engineering field. We are working with the world class software with an aim to provide the state-of-the-art equipment and solutions to snacks food industry.

SAITA SCREENS & FILTERS

Saita Screens & Filters is at the forefront of revolutionizing sieving technology, offering advanced solutions that cater to diverse global industries. Founded on principles of innovation and engineering excellence, we specialize in designing, manufacturing, and implementing cutting-edge sieving systems.

SAN TUNG MACHINE INDUSTRY CO., LTD.

San Tung Machine Industry Co. Ltd. is a primary manufacturer of automatic packing machines. Our manufacturing plant is specialized filling machine in bag, cup, tray packing Industries for 47 years. We have researched and developed the Alcohol pad packaging machine. We offer competitive prices and the best after-sales service. Customer are always taken priority. To gained the trust and confidence of our clients all of the worlds.

SARADA ROBOTECH

We pioneer a revolutionary advanced mechanism of food production with ur premium machines by reigning in modern food production easy, fast, convenient, cost effective. We specialize in manufacturing machines for the production of sweets and bakery products. We also provide industrial kitchen and hotel equipments. Our products can be availed from anywhere and we regularly export our products to different parts of the world.

SANJEEV FLEXIPACK PVT LTD

We would like to introduce ourselves as one of the Well acclaimed, Leading & prominent Manufacturer Exporter of Flexible Packaging Materials headquartered in Mumbai, India. With more than a decade of experience in field of Flexible Packaging, we are catering to the upcoming demand and supply of Customized Packaging solutions. Specializing mainly in the category of Food, Beverages & FMCG Products, Sanjeev Flexi Pack Pvt. Ltd

SAURABH ENGINEERS

We are leading manufacturers of all types of Vacuum Packaging Machines with more than 3 decades of experience, Our products include:

- Table Top/Single Chamber/Double Chamber Vacuum Packaging and Map Machines
- Conveyorized Belt Type Vacuum Packaging Machines
- Nozzle Type/Custom Made Special Purpose Vacuum Packaging and Map Machines
- Semi-Automatic and Fully Automatic Tray Map Machines
- Thermoformers For Vacuum and Map
- Vacuum Pouches / Rollstocks For Tray Map Machines and Thermoformers

SANKO MACHINERY CO.,LTD.

Sanko Machinery is world expert and leader in manufacturing high speed stick type, 3/4 side seal sachet machines for powders, granules, liquids, sugar and pastes. We are a multi-disciplinary firm recognized for design excellence, innovation, and its dedication to delivering packaging machines that meet or exceed our clients' quality, schedule and cost objectives. We have more than 50 years of combined experience.

SCHEMATIC ENGINEERING INDUSTRIES PRIVATE LIMITED

Schematic Engineering Industries Pvt. Ltd., based in Hyderabad, comes with 20+ years of experience, in providing solution for Pharma, Chemicals, Food and Poly industries in Plant Automations, Pneumatic Powder Transfer Systems and Material Handling System along with equipment such as big-bag and sack tipping combi system, twin screw extruder, screw feeder, De-lumper, Isolators (Rigid + Flexible), etc. We also hold 12+ unique patented technical products catering various industries.

SANKOH PROCESS EQUIPMENT

Sankoh Process Equipment is a Food Processing Plant and Machine Manufacturer and Exporter of Food Products and Food Processing Plants & Machines. The organization has experience in Manufacturing and Maintenance of Food Processing Plants & Machines, Equipment providing quality as specified by customers. The company has been executing different types of orders like food process machines, can filling & seaming m/c, Turnkey solutions for food & beverages industries.

SEALED AIR

SEE (NYSE: SEE), is in business to protect, to solve critical packaging challenges, and to make our world better than we find it. Our automated packaging solutions promote a safer, more resilient, and less wasteful global food, fluids and liquids supply chain, enable e-commerce, and protect goods in transit from damage. The company, under its former trade name, Sealed Air, announced its new "SEE" corporate brand and logo in May 2023. Our globally recognized solution brands include CRYOVAC

SENSOGRAPH PACKAGING TECHNOLOGY PVT. LTD.

Sensograph has engaged in the manufacturing of packaging machines since 2005. Since then, the company has made meaningful contributions to the Indian packaging industry through its innovative and path-breaking approach. It is the first Indian company to manufacture Multi-Head weighers. Exports to 18 countries, including Europe and UK, along with our repeat customer orders is proof of our and unwavering after-sales service.

Our Range Of Products:

- ♦ Pfs M/C
- ♦ Multihead 10/14
- ♦ Auger
- ♦ Vffs M/C
- ♦ Count N Pac

SEALTECH ENGINEERS

We Sealtech Engineers a leader in the Designing, Manufacturing & Execution of Turnkey Projects for Dairy Industry, Food Process, Fruit & Vegetable processing machinery and Pharmaceutical Equipment etc.

SESOTEC INDIA PVT LTD

We are one of the leading designers and manufacturers of Metal Detectors, Metal Separators, Magnetic Systems & X-ray Inspection Systems for the Food, Spices, Bakery, Dairy, Pharmaceutical, Grains, FMCG, Ready to Eat, Dehydrated Products etc.. SESOTEC GMBH Germany offers a complete range of Metal detectors, Metal Separators, Magnetic Systems & X ray Inspection machines.

SEMON ENGG INDUSTRIES PVT LTD

Leading manufacturer of caster wheels

SHAKO FLEXIPACK PVT. LTD.

Shakoflex since 1992 is a leading manufacturer and exporter of flexible packaging and container sealing (foil seal) products. Rotogravure & Flexo Printing, Solvent Free Lamination, Largest Bag/Pouch making capacity in India for standup, quad-seal, finseal, gusseted, upto 25kg bags with zipper, spout, vent-hole, degassing valve, matt/gloss effect at our ISO22000 and BRC-IOP Accrediated Manufacturing Plants

SHANBHAG ENGINEERING COMPANY

We are the sole, authorized distributor of specialty European pumps for India. We offer LUTZ drum pumps, DELLMECO HYGENIC AODD Pumps, BOYSER FOOD GRADE hose pumps, OMAC lobe pumps, HYGHSPIN sanitary twin screw pumps, TERYAIR AODD Pumps & MPUMP Magnetic drive Pump.

SHANTA G TECHNOFOODS LLP

We are leading manufacturers of Khakhra, Bhakhri, Thepla, Roti making machinery

SHETRON GROUP

Shetron Group, a pioneer in the packaging industry, specializes in innovative and sustainable packaging solutions, delivering high-quality products globally. With a commitment to excellence and customer satisfaction, Shetron Group continues to set industry standards.

SHIVA ENGINEERS

Shiva Engineers was founded by Mr. Arun S Kulkarni in 2002, committed to providing process solution to many Industrial Sectors. We provide single window services for all activities from 'Concept to Commissioning'. SHIVA ENGINEERS is executing project on "Turnkey basis including Designing, Manufacturing, Installation and Commissioning of Process Plant in Fruit & Vegetable Processing, Beverages, Herbals, Ready to Eat Machinery as per customer requirement".

SHREE CHAMUNDA MICRO INDUSTRIES

We are the manufacturer of Packing Machine

SHREE PRAGYA TECHPACK PVT LTD

Shree Pragya Techpack Pvt Ltd. manufactures Aluminium Foil Rolls, PE Stretch Film & Biodegradable Cling Film under the brand Wrap All.

SHREEJI ENGINEERING WORKS

Shreeji Engineering Works is a reliable name in the market by manufacturing a remarkable variety of various types of Material Handling Equipment's and Storage Systems like Conveyor System, Onion Dehydration Plant, Onion Dehydration Machine, Vegetable Dehydration Machine, Garlick Dehydrated Machine, Centrifugal Blower, Onion Pulverized, Ribbon Blander etc.

SHREETECH UNIVERSAL TECHNOLOGIES LLP

SHREETECH UNIVERSAL TECHNOLOGIES is a reliable partner to a wide range of innovative industries by offering technology, engineering and service solutions. The expertise of our entire organization and the permanent networking with globally competent specialists result in solutions that benefit our business partners in Asia and Europe. We have our business associates based in Italy, Germany, UK, Taiwan & China. We today represent and support many renowned manufacturers in the following sectors.

SHRI RANISATI CONTAINERS PRIVATE LIMITED

We, "Shri Ranisati Containers Private Limited" are a "Manufacturer" of high-quality Pizza Boxes, Packaging Box, Pastry Box, Paper Tray, Paper Tub, Paper Cup etc. Our offered range consists of best grade products. In addition to this, our products are acknowledged for their points like easy to use, high quality, and long life.

SHRI VINAYAK PACKAGING MACHINE PVT. LTD.

We Shri Vinayak Packaging Machine Pvt. Ltd. - are credited as one of the leading manufacturers and suppliers of Material Handling Machines and Packaging Machines. We have been serving the industry since 2000 with honesty and hard work.

SHRINATH ROTOPACK PRIVATE LIMITED

Shrinath Rotopack Pvt Ltd is the fastest growing and largest Flexible Packaging Company in India, with an experience of more than two decades in Flexible Packaging, apart from India, SRPL provides solutions to all the industries like Food and Non-Food Packaging industries.

SRPL has an in-house production capacity of 65000 MT Per Annum for Flexible Laminations, SRPL is specialized in Mono Layers Laminated Films, Pouches, High Barrier Forming and Non-Forming Films, Vacuum Films, Retort Pouching.

SKY FLEXI PACK

Sky Flexi Pack is most trusted packing pouch manufacturer and supplier company in India. We are a renowned name in the packaging industry all over the world. To serve your purpose, we have a plethora of stock products such as Kraft Paper Pouches, Matte Finish Standup Zipper Pouches etc. for multipurpose uses. Our experience along with team of professionals allows us to cater to different industries such as the food industry, pharmaceutical industry, automobile industry, packaging industry, etc.

SHUBHAM AUTOMATION PRIVATE LIMITED

Shubham Automation Pvt. Ltd. offers world-class Industrial Automation solutions for last 25 years. We are a passionate bunch of professionals who strongly believe in delivering solutions with a customer-centric approach. Having an installation base of 2500+ systems across the globe with an extremely high level of precision, correctness, and completeness, we take pride in delivering end to end solutions in Quality Assurance, Automation, and Track & Trace Solutions.

SMARTFILL SOLUTIONS LLP

We "SMARTfill Solutions LLP" are delighted to introduce ourselves as the Industry Leading Indian brand in the field of weighing and automation. This widely recognized position has been achieved over years of hard work, innovation, commitment to quality and exceptionally reliable customer service. Our Product portfolio includes: Multihead Weigher, Linear Weigher, Cut-gate Weigher, Bulk Weigher, Auger Filler, Check Weigher, Z Conveyor, Customised weighing & packaging solutions

SICA INDIA

SICA is the Perfect Choice for Machine Building, Machine Enclosures, Work Tables and Benches, Storage Racks, Conveyers, Trolleys, Assembly Stations, Fencing Systems, Etc.

SMMS ENGINEERING SYSTEMS PVT LTD

Over the years SMMS's demandable products have developed a supply chain of Industrial Metal Detector with machines supplied in India, USA, Europe, Sri Lanka, Bangladesh, Egypt, Nigeria and UAE. Our Modern manufacturing facility and round the clock service support provides solutions to clients worldwide. A team of highly dedicated, enthusiastic young engineers, Hi-tech manufacturing and R & D activities we have been successful in building robust and dependable SMMS Value Chain.

SIDDHIVINAYAK AGRI PROCESSING PVT. LTD.

Siddhi Vinayak Agri Processing Pvt. Ltd., established in 2008, has disrupted the Potato ecosystem with its Agri, Engineering divisions and value-added products. Our Agri Business Division offers storage solutions and a nationwide delivery network, providing process grade potatoes to the industry year-round. The Food Engineering Business division delivers Future foods, Innovative Snacks & other food products using various technology solutions & machines.

SODAHUB INDUSTRIAL AUTOMATION

We are one of India's leading manufacturers of Soft Drink Machines and equipment, with more than three decades of experience in this sector. Our business is ISO certified and CE marked. We provide equipment for the production of soft drinks in PET bottles, Glass bottles, Goli Soda Bottles, and Cans among other machineries. Sodahub has over 400+ customer base on Pan India and presence in 18+ countries.

SOLIDS AND AUTOMATION TECHNOLOGIES

With more than 10 years of experience in catering to leading Indian and Global food companies, Solids and Automation Technologies (SAT India) is the first choice for so many manufacturers belonging to different industries like Food, Dairy, Spices, Beverage, Confectionery, Bakery, Cereals, Nutraceuticals etc. delivering end-to-end solutions, right from Concept to Commissioning and beyond for Bulk Material Handling, Equipment and Systems for Ingredient Handling and Automation.

SPECTRUM TECH WORLD

We STW leading Material Handling Equipments and Packaging machine manufacturer. We manufacture and supply Goods Lift, Scissor Lift, Truck Loading Conveyors, Shrinkwrap Machines, Pallet Stretch Wrapping Machines and all type of conveyors

SOUTH STREET TEXTILES

South Street Textiles was founded in 2017 as a Cloth bags manufacturer & Fabric Trading Company in pallipalayam, Erode, T.N. We have catered customers across India and Supplying Cloth bags in Export standard to Europe and Gulf countries. We are having both Domestic and Export standard set-ups for making the cloth bags so we have been ensuring that our supply meets the requirements of the both export and domestic customers and delivers the design that every customers love to use for their needs.

SPEED PACK MACHINES

SPEED PACK MACHINES is into manufacturing of packaging machines i.e. Primary Packaging, Secondary Packaging and Tertiary Packaging. Machines includes 1 Powder Filling Machine. 2 Liquid Filling Machine. 3 Cream Filling Machine. 4 Foil Sealing Machine. 5 Capping Machine. 6 Labelling Machine. 7 Carton Over Wrapping Machine. 8 Carton Collating & Over Wrapping Machine. 9. Collating & Shrink Wrap Machine. 10 Cartooning Machine. 11. Soap Banding Machine. 12 Case Packer . 13 Case Erector 14 Case Sealer.

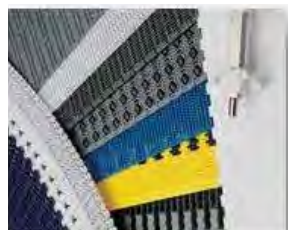

SPRAYING SYSTEMS CO.

Spraying Systems Co. is the world's leading manufacturer of spray nozzles. Every day, our local spray technology experts help customers optimize operations and create more sustainable manufacturing practices. With tens of thousands of standard products, we probably have the right nozzle for your application - and we ship most standard products in one day. If you need a special product or material, contact us! We develop hundreds of custom nozzles, injectors and headers every year.

SPECTRA PLAST INDIA PVT. LTD

Spectra Plast (I) Pvt. Ltd. is a leading manufacturer and exporter of conveyor beltings, chains and its accessories. With an expertise of 21 years and a network well established across 25 countries around the globe, we serve the conveyor manufacturers, machine builders, Bottling, etc. Our Range of products includes Modular belt, Slat chains, Wiremesh belts, Conveyor rollers, Wear strips & Guides holding more than 1000+ varieties of product in stock. We are Authorized distributors for Rexnord products

SPRAYTECH SYSTEMS INDIA PVT LTD

"Spraytech" is The World's Leading Organization in engineering and manufacturing of spray nozzle, Tablet coating spray gun and spray systems. Spraytech is the trusted name in the field of industrial spray nozzles and accessories. We are manufacturer of Control Valves, Strainer Filter, Full Cone spray nozzle, Hollow Cone spray nozzle, Flat Spray nozzle, Straight Jet Spray nozzle, Air Atomizing Spray nozzle, Tank Washing (Self Rotating & Spray Ball), Oil Burner Spray Nozzle, Jato Spray

SRI CITY PRIVATE LIMITED

Sri City, a world-class Integrated Business City, located at the Southern end of Andhra Pradesh, just 55 km north of Chennai on the Andhra Pradesh - Tamil Nadu state borders, offers everything business needs - right from robust infrastructure for manufacturing and services to support amenities and lifestyle facilities. Taking advantage of the large workforce, talent pool, and well-developed best-in-class industrial infrastructure, Sri City stands as glittering example of industry extraordinaire.

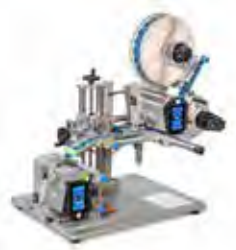

STARPACK INDIA LTD

STARPACK INDIA LTD was established in Chennai, India in the year 1996. Main object of providing customised Packaging and automation solutions to the Industry. STARPACK has been designing & Manufacturing packaging and automation systems that have been considered benchmark in the Industry. Mission Statement: "LEADERSHIP THROUGH INNOVATION AND QUALITY" INFRASTRUCTURE: We have full-fledged 90,000 sq. foot manufacturing facilities in Chennai with a work force of more than 100 technicians.

SS INNOVATIVE TECHNOLOGIES

Welcome to SS Innovative Technologies, we are a dynamic and forward thinking company speacialzed in trading and importing high-quality solutions. Our focus is based upon cutting edge technology and engineering solutions. At, SS Innovative, we understand the importance of efficient and accurate labeling in today's fast paced business environment. Wheather, you are manufacturing , packaging or trading industry, we offer absolute range of top-of-the-line products designed to stream line processes .

STERDILL EQUIPMENTS PVT. LTD.

STERDILL was established in 1989 as expert in quality fabrication of various Food, Chemical, Pharmaceutical, equipment. Promoter's & Manager's varied experience since 1972 allowed us to manufacture our own product range such as Sterilizers etc. We manufacture retorts for food Industry in India since 2012. Many type of products Process with Retorts as follows Dairy & Drinks, Ready-meal, Soups, Vegetable & Fruit, Meat & Sausages, Seafood, baby food, Pet Food, Nutraceuticals etc.

SS PRO FILLING SYSTEM

SS PRO FILLING SYSTEM, founded in 2017, specializes in filling and packaging machinery, offering turnkey solutions for industries like lubricating oil, edible oil, soft drinks, chemicals, and food. Led by Rajesh Gupta with over 20 years of experience, it represents international firms OCME Srl, Ica Spa and Lanfranchi Srl in India and the SAARC region, supplying solutions to major companies such as Indian Oil, Bharat Petroleum, Coca-Cola and PepsiCo.

STERIFLOW SAS

STERIFLOW from France is the world leader in design and manufacturing of Industrial Retorts for Food, Dairy and Pharmaceutical Applications. We have more than 4800 installations in around 110 countries including many in India. We manufacture a wide range of retorts e.g. Static, DALI (with gentle agitation), Rotary, and SHAKA. All major players in Ready to Eat Food Industry around the globe are trusting STERIFLOW Retorts for their products.

SUDINAM PHARMA EQUIPMENTS PVT LTD

Sudinam Pharma Equipments delivers Sanitary and Hygienic pumps, Sanitary and Hygienic valves, Corrugated tubular heat exchangers and powder valves for the food, pharmaceutical and beverage industries. We are channel partners of CSF Inox Group & ValvEngineering Italy.

STANPUL TECHNOLOGIES PRIVATE LIMITED

Stanpul technologies Private Limited is a registered establishment company having a sound industrial experience in the field of design, manufacturing, installation, commissioning of size reduction and material handling equipments for food, chemical, Pharma, plastics and mineral industries. We are specialized in size reduction equipment's like cryogenic grinding plants, impact mills, micronizers and all types of material handling equipment. We provide end to end solutions as per customer request.

SUN ENVIRO TECHNOLOGIES PVT. LTD.

We deal in Planning, Design, Intallation, commis- sioning and operations of water and waster water projects

SUPERPACK PACKAGING MACHINES PVT. LTD.

Superpack Packaging Machines Pvt. Ltd. was established in Hyderabad in 1995 by a technocrat with 38 years of extensive experience in international designs and development of European packaging machinery.

Superpack is a premier manufacturer of filling lines for a wide range of industries. We design and manufacture high-performance filling lines that offer unmatched precision and efficiency, with a focus on innovation and cutting-edge technology.

SVM AUTO WRAP LLP

Since its inception in 1992 as SV MESTRY ENGINEERING now it is being known as SVM AUTO WRAP LLP from 2010 is engaged in manufacturing, supplying and exporting of Packaging Machines. Our packaging machines come under four broad categories Fully Automatic Horizontal wrapping machines, Fully Automatic High Speed Horizontal wrapping machine.

SVP PACKING INDUSTRY PVT LTD

SVP Packing Industry Pvt Ltd is the largest manufacturer of Ziplock bags and Zipper profiles since 1981. Certifications like ISO 9001,SEDEX & TUV help us achieve high Quality and Satisfaction of every customer. We have an inhouse R&D department enabling us to stay on the forefront of market demand in all aspects of reclosable packaging. We have a versatile range of products available serving Domestic and International customers owing to our Reliability, Quality & Innovations.

SWASTIK ASSOCIATES

We Swastik Associates , is a manufacturing unit, we have been into this field for the past many years and we are successful enough to complete many projects into this field.

SWISS PAC PRIVATE LIMITED

Swisspac specialises in sustainable packaging designed to meet the unique needs of different industries and product sets. Globally certified materials and world leading manufacturing to put your business at the forefront of the battle against single-use plastics.

SWITCHON

SwitchOn is a leading provider of Vision AI inspection solutions for the manufacturing industry. Leading global manufacturers such as Unilever, P&G, Diageo, ITC, SKF, and Tata, amongst others, are already using the SwitchOn's DeepInspect platform in multiple sites globally and have experienced lower product wastages, improvements in costs and efficiency, as well as upholding brand quality.

SYNERGY TECHNICS

Manufacturer of Chapati Machines, Khakhra Machines and all types of Food Processing Machinery.

SYNTEGON TECHNOLOGY INDIA PRIVATE LIMITED

Syntegon Technology is a leading global process and packaging technology provider. Headquartered in Waiblingen - Germany, Syntegon has been offering complete solutions for the pharmaceutical and food industries for over 50 years. Syntegon Technology India located at Verna- Goa, offers customized packaging solutions for the domestic and international markets. The ISO 9001: 2015 certified unit designs, manufactures and markets vertical baggers, horizontal wrappers & secondary packaging machines

T&I GLOBAL LTD

T&I Global Ltd., is a listed company in Indian stock market and leading manufacturer & exporter of various processing machinery for several industries like Agro, Tea, Coconut, Food, Chemical, Mineral, etc., T&I Global Ltd. is head quartered in Kolkata with over 5 decades of engineering expertise. T&I Global Ltd. having manufacturing facilities in Coimbatore (2,25L Sq. ft) and Kolkata (50,000 Sq. ft) T&I Global Ltd. have global offices at Kenya and Srilanka.

TASA INCORPORATED

Tasa Incorporated has been manufacturing all types of Crystal/Acrylic boxes , PET Jars, Biscuit Trays ,Sweet Box Inners, Bakery Trays ,Cookies Trays, Blister Packaging and all kinds of and serving to one of the most renowned companies in India. With the experience of more than two decades in the industry of manufacturing, the company has grown from scratch to strength. The products offered by us are processed using premium quality raw materials.

TAVRON ENGINEERS

Tavron is a leading manufacturer of Critical Equipments to Dairy, Food, Beverage and Chemical Industry. Tavron product's like Plate Heat Exchanger, SS Centrifugal Pumps, SS Tank and Process Vessels, Evaporators, Spray Dryers are well known in the market.

TECALIT SRL ITALY

Teecalit Italy in India with Aakanksha Technologies offers state of the art technology for pasta making and snack pellets. Complete automatic line for pasta making with special drying technology and is energy efficient & user-friendly giving product with better cooking quality. We offer complete technology to produce short cut pasta like vermicelli, macaroni, penne, etc.; long cut pasta like spaghetti, etc; gluten free pasta; instant pasta; snack pellet making technology.

TECHNO DRIVE ENGINEERING PVT LTD

We are the manufacturers of Conveyors, Milk Reception Equipment's, Engineering components, Machine Automation, Special purpose machine etc all over India.

TECHNOCRATS

I wish to take this opportunity and introduce Technocrats as one of the leading manufacturers and importers of hygiene equipment for the past 35 years. We are providing hygiene and clean room solutions, washroom automation, Industrial Entry gate solutions to retail, hospitals, hospitality, laboratories, pharmaceuticals, chemical, dairy, and food industries on PAN-India level. We are committed to delivering the quality product experience to our customers.

TECHNOFOUR ELECTRONICS PVT LTD

Technofour Electronics Pvt. Ltd (TEPL), India's leading manufacturers of "Product checking systems" for the food, FMCG and Pharmaceutical Industry TEPL Manufactures Metal Detector, Dynamic Checkweigher and Combi-Checkers (combination of Metal Detector and Checkweigher) with over 15,000 Metal Detection systems & 4500 Checkweigher) with over 15000 Metal Detection systems & 4500 Checkweigher system installed & operating successfully in various Pharmaceuticals, Food soap & chemical Industries in India

TECHNOGEL SPA

Technogel is a world leading manufacturer of machinery and equipment for small scale and industrial production of processing and packaging of ice-cream. For over 60 years, Technogel has been perfecting the gelato and ice-cream-making process. Today we offer the fastest and most user-friendly artisan gelato and ice cream equipment on the market.

TECHNOVISION ENGINEERS PVT. LTD.

Technovision Engineers is the leading end to end turnkey solution provider in Material Handling and its Applications having 5 manufacturing plants in Pune, Maharashtra with our own Design Centre.

We have held a lead position as a comprehensive Turnkey solution provider for verities of manufacturing companies with dominant focus on Ware Housing & Logistic Industries, Food & Beverages, Automobile, FMCG, Ecommerce & Pharma etc.

Product

- ◆ Vrc Lift
- ◆ Pipe & Joints Systems
- ◆ Material Handling Conveyor

TESTO INDIA PVT. LTD.

Testo India Pvt. Ltd. a 100% subsidiary of Testo SE & Co KGaA, is a world leader in design, development and manufacturing of portable test and measuring instruments. Our advanced technology ensures premium quality products for multiple applications. We offer a wide range of products specially for food industry for measurement during entire cold chain, during storage or transport of foods and during Food Preparation as well.

Be sure. **testo**

TETRA PAK

- 1) Air Pollution Control Equipments
- 2) Material Handling Equipments
- 3) Air & Gas Equipments

Air & Gas Equipments

1. Psa Nitrogen Plant
2. Psa/Vpsa Oxygen Plant
3. Heatless / Desiccant Dryer
4. Refrigerator Dryer"

TZAW BAO CO., LTD

Tzaw Bao Co.,Ltd. has been established in 1988 and specialized in Packaging machinery, with over 30 years professional experience from developing to production as a reliable supplier for the customers. We always as the best listener for customer's reaction to recommend the most suitable devices, and adhere for the originality of Taiwan, all components are assembled in our factory by top ranking raw material in order to supply best quality to customers and to meet the environmental protection.

UBIQUE PACKAGING SYSTEMS PVT. LTD.

Ubique Packaging Systems Pvt. Ltd. distribute the Flexible Modular Conveyor Systems - Product of WorkPact Solutons in the Indian Market. In addition, Ubique Packaging will showcase Motors which has presence in Food & Beverage Industry. Ubique is also distributor for Minimotor Italy. Ubique is well know in Packaging Industry for the Test Equipments.

UFLEX LTD

Engineering Business of UFlex established in 1985, has developed to be the manufacturing major for top of the line packaging, printing and allied machines. Our business success rests on our commitment to provide high-performance machines and customized solutions, meeting and exceeding global standards while reducing total cost of ownership. Today, we have emerged as the pioneers in providing end-to-end flexible packaging solutions, engineered with the best in class packaging machines,

URSHEL INDIA TRADING PVT LTD

Urschel has developed a worldwide reputation for excellence by working in partnership with customers over the years to meet the wide array of challenges facing today's processors. Turn to Urschel cutting technology to discover just the right machine for your line.

ULTRAAUTOSONIC LLP

ULTRAAUTOSONIC is the pioneer and expert manufacturer of world class ultrasonic equipment's. We are glad to introduce ourselves as an UltraAutosonic. ULTRAAUTOSONIC is leader in design, development, manufacturing and marketing of wide range of Ultrasonic Products in all over world. We utilize latest automation technology together with cost efficient production methods, which allow us to deliver high systems at competitive prices. We are manufacturing the export quality machines.

V.S. INTERNATIONAL

We take pleasure to introduce ourselves as a leading manufacturer of Vertical form fill and seal Machines, PFS Machines, Line Carton Machines; Ceka Machines & Multi track Machines w.e.f. Year 2001 under the brand name "PACKIT".

UMA TECHNOFAB

Manufacturing automatic continues food frying line.

VEC CHOCOLATE MACHINES PVT. LTD.

We take pleasure in introducing ourselves a professionally managed and quality conscious organization, based at TIF MSME Green Industrial Park, Hyderabad, having more than a three decade of experience in Chocolate field, in-house design, and manufacturing of "CHOCOLATE MACHINES". Our Machines are manufactured as per GMP standards with European quality. We have supplied ChocolateMoulding Lines, Enrobers, Lentil Depositors Lines, Cooling tunnels, Ball Mills, Conche, Cereal Bar Lines, Chips line....

UNIQUE EQUIPMENTS

Unique Equipments has evolved to be one of the leading Manufacturer and Exporter of Metal Detectors in India. Over the years our company has developed core strength in manufacturing a comprehensive range of Metal Detectors that deliver Quality, Reliability & Performance. These products are continuously updated to meet the requirements of our customers and to the latest industry standards.

VEDIC PAC SYSTEMS PVT. LTD.

Vedic Pac Systems Pvt. Ltd. is a trusted and established name for delivering the finest and premium quality plants for the food, chocolate, confectionery, spice & bakery industries.

With over 40 years of experience and expertise, qualified service engineers for installation and commissioning, and sales support for after-sales requirements, Vedic Pac Systems has developed a strongly client-focused approach to delivering turnkey solutions in India.

VEEDEE FLEXIBLE PACKAGING

We are a Manufacturer & Exporter of Flexible packaging based in Mumbai and Factory in Gujarat.

Our credentials include GMP, Sedex, BRC and ISO certifications.

We cater to domestic and Global market. We have an In-house facility for Printing upto 9 colours, Solventless and Solvent based Lamination, 9 units of specialized Bag making like 3D Flat bottom pouches, 5kg and 10 kg bags.

MAP Top lid and Bottom Thermoforming films, Recyclable films etc.

VOLTA BELTING TECHNOLOGY LTD.

Volta Belting Technology is world leaders in Hygienic Solutions and Hygienic Design for belts and conveyors. We are happy to share ideas for projects of all sizes to improve and promote food safety and help guarantee the increasing interest in Indian products both nationally and locally. We are proud to have been the first company to introduce this technology to Bharat.

VENTIL COMPONENTS PVT LTD

Ventil components Pvt Ltd is established by experienced professionals with more than 20 years of combined contribution in the Liquid and Solid processing Industry.

Ventil Components brings you expertise in design and manufactures Rupture discs, Safety Relief Valves, Flame arrestors, Breather Valves, Explosion Vents, Passive and Active Explosion Protection systems and quality assurance, installation, and successful commissioning.

VT CORP PVT.LTD.

VT Corp Pvt. Ltd. is a leading engineering firm specializing in the design and manufacturing of machinery for diverse industrial sectors, including cement, chemicals, power, paper, and food industries. Renowned for our originality, dedication to design, and top-notch production quality, we are the preferred choice for turnkey projects. With over 57 years of expertise, our Weighing division has supplied cutting-edge equipment like AUTOMATIC BAG HANDLING AND FILLING LINES, Belt Weigh Feeders.

VERIPACK ILPRA GROUP

The India Office of the Italian packaging major group with 70+ years of manufacturing excellence expertise.

The group has wide range of packaging machinery solutions like- Tray Sealers, Fill Seal, Thermoforming, Form-Fill-Seal, VFFS, HFFS, Wrapping, Weigh Fill, Cosmetics and End Of Line packaging machinery solutions. The group has 10 global offices, 150+ countries presence and subsidiary office in India at Mumbai

WAM INDIA PVT. LTD.

WAM® India Pvt. Ltd., the Indian Subsidiary of WAMGROUP® S.p.A., offers best-in-class innovative market-oriented, industrially manufactured equipment's for various food industry applications.

The Company's comprehensive product range includes equipment for Bulk Solids Handling & Processing, Dust Filtration, Mixing and Vibration, Wastewater Treatment and Renewable Energy Generation. Since its inception in April 1998, WAM® INDIA has been growing in leaps & bounds.

WIDE MOBILITY MECHATRONICS PVT LTD

Wide Mobility has developed a "first of its kind", X-Ray based inspection machine called CONRAD-G. Conrad-G identifies and separates fruitfly infested gherkins based on the X-Ray images.

Infested are identified irrespective of their size, orientation. Pin-hole infestation which are visible/not-visible externally are also identified consistently. We hold a manufacturing license from Atomic Energy Regulatory Board (AERB), Govt of India, allowing us to develop and sell X-Ray inspection machines.

VIDEOJET TECHNOLOGIES (I) PVT LTD

Videojet is the world's leading manufacturer of high-quality coding and marking equipment and supplies. It is part of the USD5 Billion Veralto Corporation and operates in 135 countries with an installed base of 350,000 printers worldwide. Videojet Technologies Inc, has a direct presence in India through Videojet Technologies (I) Pvt. Ltd. with its corporate office in Mumbai. We serve our customers from over 52 plus locations in India

WIKA INSTRUMENTS INDIA PVT LTD

The WIKA Group is a global market leader in pressure and temperature measurement. The company also sets the standard in the measurement of level, force and flow, and in calibration technology. The broad portfolio of high-precision products, solutions and comprehensive services makes WIKA a strong and reliable partner for all the requirements of industrial measurement technology, today and in the future.

WINSSON INDIA

Winsson India is leading manufacturer of Bottle Packaging line for pharmaceuticals, Foods, Chemical & Lube Oil. With an in-house R&D facility, we ensure pack validation and analysis. Our product range includes pre-fill leak detectors, Filling machines, Capping machines, Lid press for pails and bucket closing, Induction sealing machines with inducto-meter for machine validation, After seal-leak detectors for final product validation. Carton weigh checkers, Neck shaving and Neck trimming machine.

WITT GAS INDIA PRIVATE LIMITED

WITT-Gasetechnik, Germany is a manufacturer of gas-related equipment for various applications including MAP. We have wide range of gas mixers for N₂+ CO₂ , or, N₂+CO₂+O₂ which are used globally for food applications. Our portable and on-line gas analyzers ensure right gas combination inside the packets. We also have packet leak detectors to inspect sealing leakage in the packets.

WORKPACT SOLUTIONS INDIA PVT. LTD.

Workpact Solutions India Pvt. Ltd. was started in 2022 by Mr. Rohit Dhotey as a Engineering Solution provider company with collaborations with Israeli and Swedish Engineering companies in the field of automation. Workpact Solutions partnered with Autoline Engineering a Subsidiary of Autolink Group for selling their modular conveyors in India. AUTOLINE for more than 2 decades manufactures flexible and modular conveyor systems for Food and Beverage, FMCG, Automotive, Electronics, Pharmaceutical and Personal Care industry. With a team lead by Technical Director and team expertise in mechanical, electrical and mechatronics in tandem to top level infrastructure, we have the expertise in Intralogistics Solutions to understand the customers exact requirement and offer flexible and modular conveyor systems from our standard product line.

WORLDPACK AUTOMATION SYSTEMS PVT LTD

Worldpack is a highly regarded solution supplier with a focus on the creation of self-adhesive labelling machines. Our hardworking team has more than 15 years of combined experience in manufacturing, engineering, design, and client relations. We push the boundaries constantly since innovation is what drives us, and this helps our young company reach amazing new heights and prospects.

WRAPTECH MACHINES PVT LTD

Wraptech Machines Pvt. Ltd., is an ISO 9001: 2015 certified company based out of India, having over 30 years' experience of manufacturing high quality Machines. Our expertise is in Manufacturing of Vertical Bagging machines, Multilane Sachet machines, Multilane Stick pack machines, Horizontal Flow Wrappers, Tube Filling Machines, Bottle Filling Machines, Cartoning Machines & and we also provide end to end packaging turnkey solutions.

XOLERTIC ASIA PVT LTD.

'Xolertic' is a Group of companies that includes companies - Prodec & Sinterpack - centers of expertise in Case packing, Palletizing & complete integrated end of line solutions. With experience of over 55 years and 2500 + successful installation globally, our vision is to excel & expand power of 'Xolertic' brand globally. We have 03 manufacturing locations - Barcelona Spain, Burgos Spain & Pune, India.

XU YUAN PACKAGING TECHNOLOGY CO., LTD

Xu Yuan Packaging Technology Co., Ltd (8421) was established in October 2004. The main production items include professional manufacturing of shrink sleeve labelling machine, shrink labels printing, flexible packaging and other high-quality products. Applicable to sleeve labelling beverage, food, cosmetics, medicine, daily supply and flexible packaging. The company boasts an excellent management team, strong R&D expertise and holds international certifications.

YAMATO SCALE INDIA PVT. LTD.

Yamato Scale is a pioneer and leading global manufacturer and innovator in the field of weighing technology. With a rich legacy spanning several decades, Yamato Scale has consistently stood at the forefront of the industry, delivering cutting-edge solutions that cater to diverse weighing needs across various sectors. Renowned for its unwavering commitment to quality, reliability & customer satisfaction, Yamato Scale has earned a reputation as a trusted supplier of Multihead-weigher combination.

ZEPPELIN SYSTEMS INDIA

As a global leader in plant engineering for the handling of high-quality bulk materials, we provide services to the plastic, rubber and tire, chemicals, and food industries. Zeppelin Systems provides all plant engineering services from a single source, from basic engineering, in-house production of components and control technology, to final installation and comprehensive after-sales service. Because we can support all project phases in-house, all communication partners are in one location.

C S AEROTHERM PVT. LTD.

Established in 1997 we are the pioneers in Commercial Bakery Equipment in domestic market. We offer a complete range of bakery equipment, which includes products ranging from Bakery Oven, Rack Oven, Planetary Mixer, Spiral Dough Mixer, Dough Divider, Cream Roll Machine etc. that suffices the entire baking process from start to completion of a product. We are focused in providing a holistic approach towards Quality that enables us to push that extra mile in achieving extraordinary.

GUJARAT PRINT PACK PUBLICATION PVT. LTD.

Innovative HYBRID technology pouches & roll without cylinder or any print prepress cost. We make pouches & roll with innovative printing technology, our specialty is without cylinders & it is not digital, it is HYBRID technology, with unique value additions. We make small MoQ with fast delivery time, to suit the startups or who wants to introduce/launch with multiple variants. We make all kind of pouches, Shrink Sleeves, labels. We are BRCGS, ISO, certified and have all food grade certificates

VIBRA MASCHINENFABRIK SCHULTHEIS GMBH & CO.

"Vibration Technology: conveying, screening, batching, discharging, sprinkling, compacting, testing Process Engineering: drying, cooling, instantizing, calcining, roasting, crystallizing"
